A GOOD BANK IS YOUR BEST FRIEND

Business-wise this may be entirely true. To whom do you go when in financial need? Select your bank wisely and then give it your confidence—you will find that it pays. The experience of many years has prepared us to be helpful to every customer.

Tie up with a bank big enough to take care of its largest customer, and small enough to appreciate its least customer.

Charged With Killing Wife.
Arkansas City, Kan., May 2.—Lewis W. Potterton, who with his foster mother, Mrs. Emma A. Allen, is charged with the murder of his wife by the administration of arsenic poisoning, was surrendered by his bondsmen last night and placed in

the county jail.
He had been at liberty on \$10,000 bond.
Mrs. Allen is not in jail because she is suffering from a nervous attack. She is under the care of a nurse and is being guarded by officers at her home.

INSURGENT VICTORY

REGULARS THROW HANDS UP IN
SENATE CONFERENCE.

TAFT BILL DOOMED

Cummins Amendment Meeting With
Favor in Congress.

Washington, May 2.—President Taft's railroad legislation will be emasculated.

At the close of a protracted conference of leading "regular" republican senators tonight, it was apparent that the revolt of the senate "insurgents" had been virtually successful, and that the sections of the bill relative to traffic agreements and mergers, which Senator Cummins and other insurgents have been fighting to amend, will be abandoned.

Practically nothing distinctive of the original bill will remain, save the sections providing for the creation of a court of commerce. Even that has had a perilous time in the house and nobody tonight is prepared to guarantee that it will be enacted.

In fact, the difference between the senate and house are so great that in view of the radical action decided upon by the senate leaders tonight, it would surprise nobody if the entire bill should fail in conference.

Taft Advised.

So serious became the situation of the bill late today that President Taft himself, at Pittsburg, was advised of the situation over the long distance telephone by Senator Aldrich.

Despairing of putting the bill through the senate in the form in which it was reported from the committee on interstate commerce, the leaders in this conference tonight decided to eliminate Section 7, which the insurgents claim practically would have repealed the Sherman Anti-Trust law by permitting traffic agreements, and Section 12, which would have legalized mergers in cases where one railroad corporation owning already 50 per cent of another desired to control outright.

Upon the "insurgents" the administration will endeavor to place the responsibility for the failure of the Taft railroad legislation.

To Senator Aldrich over the telephone, Mr. Taft is said to have expressed himself emphatically to this effect:

Insurgents Blamed.

That he had initiated the pending measure and had advocated it through out the country in the form in which it was reported to the senate and that if a combination of insurgent republicans and democrats rendered

This Store Is Here For Something

more and better than merely selling goods, and taking the money for them. We know that's the idea generally held about a business; often by the men who are conducting it; simply the exchange of money for merchandise.

Now our idea of it is different; we're here to see that you not only get something for your money, but to see that it's what you ought to get for it; to protect your interest in the matter of value. More than that we want to be of service to you in a different way than simply selling you goods.

We're here to provide what you want, and to help you get what you ought to want. We're here to see that what we sell you satisfies you; that the quality of our merchandise is right, and that you think it's right. We guarantee satisfaction, which means a good deal if you think it over; we mean by it as much as you think it means.

Now you see perhaps, why we sell

Altus, Okla., May 3.—Track laying on the Altus, Wichita Falls & Hollis Railroad has now reached a point beyond the Salt Fork of Red River, about half way between Altus and Duke, and it is thought the track will be as far as Duke in another two weeks, which is fourteen miles from Altus. The bridges are all in to Hollis, practically all the grade is surfaced ready for the steel and the management feels certain that the line will be in operation to Hollis not later than June 15th. This is one of the best lines of road ever built for this town and this part of Oklahoma and Texas, it will give a large territory much better service to Oklahoma City, Kansas City and St. Louis, and will serve much territory that has been forty or fifty miles distant from the nearest railroad. This line will connect at Altus with the Orient, Frisco and the Wichita Falls & Northwestern.

More Than Just Clothes

Young Men you get more than fine materials, exclusive patterns, expert tailoring in these Ederheimer-Stein suits.

All really good makes have these qualities, must have them. Ederheimer-Stein clothes have them too—and much more.

Here are clothes with spirit, life. As different from other clothes as a painting by a "master" is different from the daub of the amateur. As different from other clothes as you are different from other young men.

They're individual, distinctive. In line with your tastes, your ideas. You'll find these clothes more to your liking than any you've ever worn. They're made for you; the result of a right conception of what you are and what you want.

C. R. Drummond, Men's Furnisher

UNKNOWN VICTIM IS BURIED

Body Found in Box Car 35 Months
Ago Interred in Pauper's Grave.

Chickasha, Okla., May 1.—After being held 35 months awaiting identification, the victim of the Frisco box car murder was buried yesterday. The body of the young man was found at this place in a box car just arrived from Oklahoma City. The body being warm when found justified the belief that the murder had been committed en route. The car showed signs of a terrible struggle. After being killed both ears of the victim were cut off. Since the body has been held by the local undertakers it is estimated 15,000 people have viewed it. Fathers, mothers, sisters, brothers and sweethearts have traveled long distances to view the remains, with the hope of identifying a missing loved one. Several times it was thought that the body had been identified, but when the person came no one claimed to know the identity of the corpse. The body was buried in a pauper's grave.

ANOTHER YOUNG GIRL DISAPPEARED IN OKLA. CITY

Oklahoma City May 2.—Another young girl has disappeared in Oklahoma City. This time it is Viva Perkinson of Capitol Hill, aged 14, and the police and secret service have been asked by her father to help locate her. He came to the station Sunday night and said that he was afraid she had run away with a man named Brown from some place in Ohio. According to the father's description, Viva has light hair and blue eyes, looks older than her age, and was dressed in a blue skirt when she left home early Sunday morning.

Tornado in Kansas.

Topeka, Kan., May 2.—A tornado
struck the southwestern section of
Emporia last night unroofing sev-
eral houses and carrying one off its
foundation.
A large new barn was crushed like
an eggshell and several small barns
were blown away.
No one is reported killed or in-
jured.
It is reported here that the village
of Plymouth six miles southwest of
Emporia, was entirely destroyed by
last night's tornado.

FERRIS WOULD SAVE THE TIMBER LAND

Oklahoma Congressman's Resolution
Demands Prosecution of Suits.

Washington, May 2.—Charging that
through the dilatory tactics of the
Attorney General large areas of
United States timber lands in Ore-
gon are being stripped of hundreds
of thousands of dollars' worth of tim-
ber belonging to the public, Repre-
sentative Scott Ferris of Oklahoma
has introduced in the house a resolu-
tion demanding that the Attorney
General at once press for a prosecu-
tion of the litigation designed to
save the timber that is being taken
from the lands. Senator Chamberlain
of Oregon introduced practically the
same measure in the senate. The
resolution cites that the attorney gen-
eral has been in default in the matter
of filing the government's brief in
these land cases since Oct. 1 last year
and directs that he proceed at once
with the prosecution and employ such
attorneys and assistance as he may
need to bring the case to a speedy
conclusion.

"These Oregon timber steals," said
Representative Ferris, "constitute
one of the most brazen disregards of
law on record, and the failure of
the Attorney General to protect the
public against them is inconceiv-
able. Congress at different times
made land grants aggregating 3,137,-
000 acres to railroad and wagon road
companies, stipulating that the lands
shall be sold in tracts not greater
than 160 acres to one individual,
who must be an actual settler, and
at not more than \$2.50 per acre. In
absolute disregard of the law the
companies began to sell the timber
lands in tracts of 1,000 acres and
more to lumber companies and at
prices far in excess of \$2.50 per
acre. Two years ago congress order-
ed suits brought for the recovery
of the land, but the record of the
present attorney general shows that
numerous delays were acquiesced in
and no effort is being made to prose-
cute the suits that were brought to
recover \$383,000 acres of this land.
A brief that was to have been filed
in the case has not yet been filed
by the reputable citizen and com-
mercial bodies and even the legisla-
ture of the state of Oregon have
pleaded with the government to stop
the shameful stripping of the tim-
ber lands by the lumber companies
while the Attorney General dilly-
dallies along and defaults by seven
or eight months in the matter of
filing a necessary brief on behalf of
the public. These resolutions not
only command him to do his duty by
the people, but authorize him to em-
ploy additional counsel and clerks,
so that he can not plead lack of fa-
cilities as reason for his failure
to take the necessary steps to pro-
tect the people against the timber
raids or to restore to the public do-
main the lands sold in disregard of
the law."

The suit in which the Attorney
general has defaulted since Oct. 1 of
last year, in the matter of filing the
government's brief, is against the
Oregon and California railroad.

OPPOSITION TO JOHNSON. JEFFRIES FIGHT IN CALIF.

San Francisco, May 1.—Opposition
to the Jeffries-Johnson fight follow-
ing the death of Tommy McCarthy,
San Francisco pugilist killed in a
fight with Owen Moran here early
Saturday morning, took form today
in a state-wide movement of clergy-
men to prevent the holding of the
championship fight July 4. Prize fight-
ing was denounced from scores of
pulpits and in many cases a definite
campaign was begun.

At a special meeting of the con-
gregation of the First Congregational
church of Oakland, resolutions were
adopted, protesting against the fight.
They will be forwarded to Governor
Gillette and Attorney General U. S.
Webb.

Owen Moran, who is out on bail,
awaiting his arraignment for man-
slaughter, today sent \$100 to a priest
in Marm county to say mass over
the dead youth's body.

The Weather Man.

Washington, May 1.—Cool weather
in the northern and middle districts
of the United States during the first
half of the week is predicted by the
weather bureau and the frost line it
is added, is likely to extend over the
lower Missouri, Middle Mississippi
and Ohio valleys.

Unsettled weather will prevail dur-
ing the next three or four days in
the middle districts of the country
from the central valleys eastward,
but precipitation will hardly extend
over the extreme southern states.
Over the western portions of the
country the weather will be compara-
tively settled until the latter part
of the week, when disturbance of mod-
erate strength will appear in that
district and move eastward.

TRAIN CRASHED INTO AUTO

Boy Badly Burned and Bruised—Ma-
chine and Occupant Dragged
100 Yards.

Oklahoma City, May 2.—Caught in
the ruins of a demolished automo-
bile, unable to free himself and car-
ried a block on the cow-catcher of
a Santa Fe engine crushed in the
seat of the machine, was the experi-
ence of Leo Lissauer, aged 17, now
lying in St. Anthony's hospital in a
serious condition. The auto was an
electric, and the boy's most serious
injuries are from the burns of the
electricity, there being a probability
he will lose his sight. There are
other burns on his back and limbs,
and he is severely bruised.

According to eye witnesses, the
wonder is that he was not instantly
killed, as the engine was going at a
high rate of speed and crashed di-
rectly into the machine at the Santa
Fe crossing on Fifth street, and be-
fore the monster locomotive could
stop it was a few feet only from
Sixth street. The boy was removed
from the ruins of the machine, and
hurried to St. Anthony's hospital,
where he was attended by Drs. Lea
F. Riely and M. Smith.

The machine was a new Babcock
electric, and was the property of C.
F. Elerick, president of the First
State bank. About 11 o'clock Sunday
morning he telephoned the garage at
13 Harrison avenue for it to be sent
to his residence. Lissauer was em-
ployed by the Electric Vehicle com-
pany at that number, and was order-
ed to take the machine to Mr. Eler-
ick's. He went up Harrison avenue
and down Fifth street, where the ac-
cident happened.

Eye witnesses say the tracks on
both sides of the street were filled
with box cars, extending beyond the
sidewalk on one side. There is an
electric gong at the crossing, but it
is said that it was not working, and
the boy had no way of knowing that
there was an engine coming upon
the second track, until it hit him. Af-
ter being carried to the hospital Lis-
sauer regained consciousness, and
said that he remembered nothing af-
ter the engine hit him. He makes
his home with his parents at 216
North Walnut avenue.

BATTLESHIP OKLAHOMA.

New Fighting Boat to Bear Name of
State.

Guthrie, Ok., May 2.—The proposi-
tion to have one of the new recent-
ly authorized battleships named the
"Oklahoma," and to have it com-
manded by an Oklahoma citizen, is
being urged with success in Wash-
ington at the present time, according
to a letter received from Congress-
man Bird S. McGuire, inclosing a
letter to him from Secretary George
von L. Meyer of the United States
navy.

When Congressman McGuire re-
turned to Washington recently from
his Oklahoma trip one of his first
acts was to request of Secretary Meyer
that one of the new ships be named
Oklahoma and that Lieut. Com-
mander Bart Barnes of Guthrie, a
son of former Gov. Cash Barnes, be
designated its commander. Mr. Meyer
replied as follows:

Secretary of the Navy, Washington
April 25, 1910.—My Dear Congress-
man: I have the honor to acknowl-
edge your request that one of the
proposed battleships be named after
the State of Oklahoma and that Lieut.
Commander Barnes be given com-
mand of the vessel. Your request will
receive every consideration when
these matters are taken up. Believe
me, faithfully yours,
G. VON L. MEYER.

Hon. Bird McGuire, House of Rep-
resentatives.

Lieut. Commander Barnes is at
the present time visiting his father
here. He is stationed on the West
Virginia on the Pacific Coast, being
the chief engineer of that ship. His
rank is such that within four years,
the time when the new ship is com-
pleted, he will be in line for a cap-
taincy, and the suggestion that he
command the Oklahoma will, no
doubt, be realized.

Lieut. Commander Barnes has been
in the navy as an officer for fifteen
years, participated in the Spanish-
American war under Sampson and
Schley at Santiago and was flag sec-
retary to Admiral Sigsbee when the
body of Paul Jones, the father of
the American navy, was returned to
this country from France several
years ago. Out of forty-two men who
graduated with him at Annapolis
only eighteen are living.

ARDMORE ENGINEER SUES

MAYOR AND COMMISSIONERS
Ardmore, Okla., May 1.—City Engi-
neer Sayre has filed suit in the dis-
trict court against the mayor and
board of commissioners to restrain
them from dismissing him from his
office. He alleges he was appointed
for a term of two years, and the city
officials have not the power to re-
move him from office.

ELECTRICAL AND GAS MEN WILL MEET

Southwestern Association to Be Held
at Beaumont in May—Prepara-
tions to Entertain Visitors.

Dallas, Tex., May 2.—The sixth an-
nual convention of the Southwestern
Electrical and Gas Association will
be held at Beaumont May 12, 13 and
14. Meetings will be held in the Kyle
Theater, the first session to be cal-
led at 9 o'clock of the opening day
by President W. B. Head of Stephen-
ville. The address of welcome will be
by Hon. Emmett F. Walker, Mayor of
Beaumont, and the response by H.
T. Edgar of Fort Worth, manager of
the Northern Texas Traction Com-
pany. Arrangements have been made
to entertain all delegates and visitors
who attend the convention.

It is announced that a large dele-
gation is going to the convention
from St. Louis and the East and that
a special train carrying these dele-
gates will make connection with a
special to be run from Dallas to
Beaumont. This special is to leave
Dallas on the night of May 11 and
will run direct to Beaumont.

TEGELER, CONVICTED SLAYER, IN AUTO SEEING SIGHTS

Oklahoma City, May 2.—With per-
mission of the authorities, guarded by
Undersheriff Mike Casey, and accom-
panied by his brother-in-law and a
friend, Rudolph Tegeler charged with
murder, took a long automobile ride
Sunday afternoon. He expressed him-
self as having had the best time for
a long while, and said that he enjoy-
ed every minute of being in the
open, after two years' confinement at
McAlester. He was brought back
from the penitentiary Saturday night
by Sheriff M. C. Binlon, the supreme
court having granted him a new trial.
He was convicted and sentenced for
life for the murder of James Mead-
ows, in 1907.

Tegeler has made many friends
among the authorities, and his at-
torneys declare they have positive
proof that Meadows is alive in Mex-
ico with his wife. Mrs. Meadows was
also charged with the crime, but the
jury freed her. Tegeler says Mead-
ows knew of his relations with Mrs.
Meadows, but has always denied any
connection with the supposed crime.

It is said that during the coming
week habeas corpus papers will be
secured, by which Tegeler hopes to
introduce evidence to the court to
show his entire innocence, or at least
show cause why he should be admit-
ted to bail.

It is contended that the body dug
up near Capitol Hill and declared to
have been Meadows, was not him at
all, but a body which had been dress-
ed after death. According to the evi-
dence, if Meadows was killed he was
shot with his clothes on, while the
clothes on the body dug up showed
no marks of the penetration of a bul-
let. Besides these features, there are
many mysterious things connected
with the case, which it is believed
will be cleared up shortly. The gen-
eral opinion is that Tegeler will not
have to face a jury again for the
supposed crime.

HUGHES NOT OPPOSED

New York Governor to Supreme
Court.

Washington, May 2.—To Governor
Hughes was today awarded the com-
pliment of confirmation by the Sen-
ate for the high office of Justice of
the Supreme Court immediately after
his nomination had been reported
from the committee on the Judiciary.
The nomination was acted upon by
the committee during the morning
and to Senator Dewey of that com-
mittee was assigned the duty of pre-
sentering the report to the senate. De-
siring that there be no delay in the
action of the senate, Mr. Dewey took
the precaution to visit all the sen-
ators who for one reason or another
might ask to have the nomination go
over for a day. He represented to
them his desire that confirmation
should be prompt and unquestioned.
He met with no opposition and when
the request for immediate action was
requested not a voice was raised
against such a course. The action of
the Senate completes the appointment
of Justice Hughes and all that re-
mains for him is the taking of the
oath of office.

CHICKASHA TEACHER AT- TACKED BY PUPILS

Chickasha, Okla., May 1.—When P.
K. Taylor, principal of the east side
school of this city reprimanded some
pupils for throwing stones at other
pupils on the school grounds, sev-
eral of the larger pupils opposed with
stones, baseball bats and sticks. The
principal was forced to call the po-
lice, the result being that three boys
were fined in the police court and
the case of another continued.

List your real estate with the
Weaver Agency.

TRUST LOSE BATTLE.

Highest Tribunal of Land, Renders
Verdict Against Them.

Washington, May 2.—The highest
significance is attached in Washing-
ton to two drastic anti-trust deci-
sions handed down by the Supreme
Court today arising under the anti-
trust laws of the states of Tennessee
and Mississippi.

In the latter case the state was
sustained in action it took against
about thirty lumber companies which
were charged with violating the Mis-
sissippi anti-trust law by forming
and maintaining a combination to
regulate and increase prices. The
state sued to recover penalties, which
at the maximum might aggregate the
enormous sum of \$345,000,000 and at
the minimum \$14,000,000. The fact
that the Supreme court sustained the
Mississippi law notwithstanding that
the size of the penalties if enforced
would mean the complete confiscation
of the property of the lumber com-
panies, would seem to mean that in
the view of the court there is abso-
lutely no limit to the extent to
which a state may go for the pro-
tection of its people from the evils
of monopoly. Sen. Percy of Miss-
issippi said this evening that the de-
cision of the supreme court in the
case from his state was of the first
importance and would have a far-
reaching effect.

Tennessee Ouster Sustained.

The Tennessee case involved the
Standard Oil Company of Kentucky,
which was charged with violating the
state anti-trust law. The officials of
Tennessee sought to oust the Ken-
tucky corporation from the state as
an anti-trust law breaker, and their
efforts were sustained by a decision
of the state Supreme court. From this
decision the Standard Oil company
of Kentucky appealed to the supreme
court of the United States on a writ
of error, and this appeal was today
dismissed, leaving the Kentucky cor-
poration entirely at the mercy of the
Tennessee authorities.

Looks Bad for Trusts.

The character of these decisions is,
taken here as a strong pointer as to
the manner in which the Supreme
Court may be expected to decide the
great anti-trust cases against the
American Tobacco company and
Standard Oil when they come up at
next fall's term of the court. The
fact that in each of the important
cases decided today the court was
unanimous increases the impression
that it will go hard with the trusts
next fall. Justice Lurton wrote the
opinion of the court in the Missis-
sippi case, this being the first he has
handed down. Another interesting cir-
cumstance is that John J. Vertrees,
now counsel for Secretary of the In-
terior Ballinger before the investigat-
ing committee, appeared for the
Standard Oil Company in the Ten-
nessee courts when the case was
pending there.

Roosevelt Roasted.

Lowell, Mass., May 2.—Theodore

Pope Pius on the former president's
recent visit to Rome, was called in-
sulting and a violation of Mr. Roose-
velt's principle of a "square deal" by
Most Rev. William H. O'Connell,
archbishop of Boston, at a public
meeting of the American Federation
of Catholic societies of the diocese
in this city today.

Cabbage Plants.

I have a few thousand cabbage
plants of the choicest variety for sale
at 25 cents per hundred. Cheaper in
larger quantities. Leave order at the

Base-Ball News.—We have arranged for the news of the Texas League by innings, which will be posted on the wall in plain figures, so everyone can tell just how they stand at the end of each inning.

OLD MISSION BILLIARD PARLOR
B. J. CORN, Proprietor

BYRD'S MILL WATER SITE

The Purport of the Condemnation Proceedings.

On last Saturday morning condemnation proceedings were instituted by the City of Ada to gain title to the lands which include the water site at Byrd's Mill by the city attorney and mayor. Last night the city council ratified the action of the mayor and city attorney and instructed the city attorney to prosecute the suit to its final termination.

The matter will be brought before Judge West of Coalgate the 14th of this month when commissioners will be appointed to appraise the property.

The fact that the Byrd's Mill water site will be condemned by Ada means a great deal to the city. The proceedings cost a very nominal sum and by coming into possession of the right to use the Byrd's Mill water now, the city prevents its future water supply falling into the hands of other municipalities or corporations.

Whether or not the city desires to use the water this year next year or ten years from now does not matter. The water will be there to be used when the city gets ready to use it.

That is the proposition in a nut shell.

RAISED A ROUGH HOUSE AND SKIPPED

Chas. Goldston who has been at the Roland hotel, got drunk on Monday night, and proceeded to make a rough house and was very abusive in his language to a lady. Yesterday the lady filed complaint against him and he left the town on the south bound Katy before the officers knew of the circumstances, but they phoned to Atoka and had him landed in jail there by the sheriff.

Deputy John Kitchen has gone after hi mand will bring him back on the Katy this afternoon and Chief Justice Brown will do the rest.

Prof. Cox Has Parts.

Prof. W. H. Cox, occupant of the chair of manual training for next year in the East Central State Normal has taught for three years in such capacity and is this year graduating from the Manual Training College at Pittsburg, Kansas, recognized as the leading one of the west. He is said to be a very thorough scholar and of much skill in cabinet work, venitan iron productions, mechanical drawing, pattern-making and accompanying accomplishments. It will please all those who are ambitious for the school on the athletic field to be informed that Prof. Cox is at present captain of the football team of the great college from which he is graduating and star player on its basketball team. Prof. Cox is at present president of the Y. M. C. A. of Pittsburg, Kansas.

FARMERS NAT'L CONVENTION TO SOLVE LIVING PROBLEM

St. Louis, May 3.—Among the representatives to the farmers' convention here are three women who will make addresses before the convention on Wednesday afternoon—Mrs. Frank DeGarmo, St. Louis; Mrs. Ella S. Burton, Topeka, Kan., and Miss Kate Barnard, Oklahoma City, Ok. More than 100 organizations throughout the country have already announced that each will send full representation to the convention, and conservative estimates of the total attendance expected place it at 100,000.

The high cost of living and the cause thereof are the primary underlying reasons for this convention, which is called to thresh out, in non-partisan discussion, the economic problems believed to be responsible for the conditions confronting the wealth-producers today, and to institute reforms which will better the conditions of the farmer and his fellow wage-earner of the city.

WOMAN WHO ABANDONED CHILD GOES TO PRISON

Holdenville, Okla., May 2.—Mrs. Verdine Jackson, who deserted her infant at the Rock Island stock yards here April 14, pleaded guilty in the district court and was given a sentence of 18 months in the penitentiary.

The woman attempted to leave the baby at a hotel in Shawnee but was forced to care for it. She came here from Shawnee, left the baby and went on to McAlester, where she was arrested.

She stated the child was not that of her husband, who gave her money to take it away and get rid of it. The little one was adopted by a well-to-do stockman near Holdenville.

STATE EVIDENCE IN HYDE CASE BEFORE JURY

Kansas City, May 2.—By next Wednesday night Prosecutor Virgil S. Conkling believes all the evidence of the state against Dr. Hyde will be before the jury. If the present plan is not changed only three more witnesses will testify for the prosecution after Dr. Hektoen completes his testimony.

When Mrs. Swope gave her deposition recently in the civil suit brought by the accused physician, she refused to confine herself to answering the questions asked her.

The fight between Hyde's attorneys and Mrs. Haines and Vaughn will center on the alleged finding of cyanide of potassium in the viscera of Colonel Swope and Chrisman Swope.

The defense avers that this was only the eleventh hour report made by the chemists in order to support the state's case. The charge that cyanide had been used by Hyde was not made until Attorney James A. Reed had delivered the opening statement for the prosecution.

TO THOSE WHO CRITICISE AGRICULTURAL COLLEGES

College Station, Tex., May 3.—One hundred per cent of the students of the agricultural course of the A. & M. College of Texas, who will graduate in June, will go into agricultural work, either as teachers of agriculture or "back to the farm."

This is the most emphatic answer that can be made to those who criticize agricultural colleges and the scientific teaching of agriculture, and say that the college-taught farmer generally hunts a soft place in the city in some other line of work. A couple of years ago some one asked where were all the farmers who had graduated from the A. & M. College of Texas. The question was answered by the publication of a list of actual farmers who have gone out from the college into active, practical work.

Of those who will graduate from the agricultural department, there are six who have been specializing in animal husbandry and veterinary science. Every one of these is preparing now to go into business for himself.

COLLEGE OF MEDICINE TO GRADUATE SEVEN STUDENTS

Oklahoma City, May 2.—The class of 1910 of the Epworth College of Medicine will be graduated and receive its diplomas and degrees Thursday evening May 5, at St. Luke's church. The graduates are Mrs. Eva Wells, W. L. Taylor, C. E. Dailey, W. E. Pierce, M. E. Stout, F. W. Wilkes and W. W. Wells.

Dr. George H. Bradford, chancellor of Epworth University, will deliver the commencement address, and the presentation of diplomas will be made by Dr. A. K. West, dean of the Epworth College of Medicine. This will be the last class to graduate from the college, owing to the recent consolidation of that institution with the Oklahoma State University, which will be effected as soon as the present collegiate year is finished.

PROF. BARRETT'S CAREER.

New Professor of Science at University Author of Work on Pedagogy.

Wynnewood, Ok., May 2.—Prof. S. M. Barrett, recently elected professor of science in school education at the state university, is author of a work on practical pedagogy that has been adopted by schools in Oklahoma, Minnesota, Nebraska and South Dakota. He has been asked by the state superintendent of Nebraska to conduct the pedagogical department in the state teachers' institute there.

Prof. Barrett is author of the "Life of Geronimo," and is engaged in another work on the social and political economy of the wild Indian tribes. He was born among the Pawnees, and is an adopted member of the Apache tribe of Indians. His early life was spent on the plains.

TAFT WOULD FORTIFY PANAMA IMMEDIATELY

Washington, May 1.—In a message, accompanied by a detailed report from the War Department, President Taft yesterday sent to congress information regarding the necessity for immediately beginning the fortification of the Panama Canal in order to have it completed by 1915, the date set for finishing the construction of the canal. The reports accompanying the message do not give the exact locations of the fortifications, but it is explained that this can not be furnished until information has been obtained regarding the "status and availability of certain parcels of land situated along the route of the canal."

The armament for the proposed fortifications is enumerated as follows: Ten 14-inch rifles, twelve 6-inch rifles and twenty-five 12-inch mortars. The cost is placed at \$14,000,000.

The Capital Question

Is Twenty-One Years Old

It must be Settled Sometime—
Why Not Now?
Do It Saturday, June 11, 1910

Oklahoma City

Solicits Your Support

If located at OKLAHOMA CITY, the sale of land which the State is to purchase will provide a building fund of at least \$3,000,000 in excess of the cost of the land. The great packers, Morris & Co., have proven this assertion. Such a project would not realize one-fourth of that sum at Guthrie or Shawnee.

WHY?

Because—

OKLAHOMA CITY IS FOUR TIMES LARGER THAN EITHER, AND IS GROWING FASTER THAN ANY OTHER AMERICAN CITY—

It is the Geographical Center—

Has Unsurpassed Railway Facilities—

It is the acknowledged Commercial, Financial and Industrial Center.

Vote YES on the question: "Shall the Capital of the State of Oklahoma be permanently located?" and vote for Oklahoma City for the permanent Capital

Wapco Flour Wapco Flour Wapco Flour

There is Absolutely None Better

Read what Mrs. W. S. DeLong, the lady in charge of the Calumet Baking Powder School held in Ada a short time ago, has to say about it:

"THE WAPLES PLATTER GRO. CO.: After using the WAPCO FLOUR I have no hesitancy in saying, that it is without question, the Best Flour I have ever used, and I take pleasure in recommending it to the public.

Yours Resp't.,

MRS. W. S. DeLONG,
Domestic Science Teacher.

CAR CONDUCTOR SLUGGED

ASSAILANT ESCAPED
Oklahoma City, May 2.—Knocked unconscious with a blunt instrument, W. C. Taylor, aged 26, a conductor on a westbound Main street car, was attacked by an unknown assassin while flagging his car at the Frisco crossing Sunday night at 10:40 o'clock, and lies at St. Anthony's hospital in a serious condition. Concussion of the brain is feared by his attending physician, Dr. S. R. Cunningham. Robbery is believed to have been the motive. Taylor, who came here about a year ago from Kansas, and rooms near the car barns, was conductor of car No. 22, of which A. Higgins, living at 230 West Eleventh street, is motorman.

The conductor was attacked while hurrying to the tracks, being two car lengths from his own car. Higgins says he saw a blow struck, but an incoming Belle Isle car, which made the turn at the same time, obstructed his view, but the head lights of which threw a light on Taylor's body almost as it fell to the ground. Higgins immediately jumped from his place and went to Taylor's side. Higgins says he saw a man running south on the tracks and that he was the same party standing near Taylor as he was about to cross the tracks before the attack.

A new cheap baseball was found at Taylor's side and officers are of the belief that this rolled in a handkerchief was used in the attack. This is discredited, however, by others, whom claim a heavier weapon was used, probably a blunt end of a revolver. That robbery was the motive is not questioned by authorities, and all that prevented the assailant carrying out his plans was the unexpected appearance of the Belle Isle car.

OKLA. CITY BAPTISTS TAKE LARGEST COLLECTION

Oklahoma City, May 2.—The first collection taken to aid in building the new White Temple at Ninth street and Robinson avenue netted more than \$30,000 Sunday morning. This is believed by the Rev. Carter Helm Jones, pastor of the White Temple Baptist church, to be the largest collection ever taken in the state.

The money was raised from those who attended services Sunday morning. Blank notes, maturing in three, six, nine and twelve months' time had been distributed among members of the congregation, with instructions to fill in for the amount to be given. The final figures, as given out by Dr. Jones Sunday night, were \$30,892.

This is aside from many personal pledges, which are not counted.

The church will raise \$50,000 which will be added to the \$50,000 resulting from the sale of the present property to the Masonic lodge and left over after the purchase of the new lot. A \$100,000 building will be erected.

OLDEST PERSON IN TEXAS.

Mary Courtney of Floresville Is 119 Years of Age.

San Antonio, Tex., May 2.—According to a report just issued by the state health board, Mary Courtney of Floresville, Wilson county, is the oldest person in the state, having lived no less than 119 years. She is still active enough to count on another five or even ten years. Next to her in age is Juan Vargas, a Mexican of this city, who will be 115 in a few weeks. The next oldest person in the state is Hannah Wilson, colored, who is 100 years and eight months. There are nine others who are close to the century mark and nearly a score who are over 90. The report discloses also other interesting data. The birth and death rates of whites in the state 4367 and 2289 respectively showing a wonderful increase in the former. While 497 negroes died during March only 397 were born.

Miners' Demands Denied.

Kansas City, May 2.—All the demands of the 35,000 striking miners of Missouri, Kansas, Oklahoma and Arkansas were refused by the executive committee of the Southwestern Coal Operators' association at a joint meeting with a committee of the miners today and it was announced that all negotiations were at an end and that the strike would continue.

Itch Relieved at Once

That terrible itch disappears with the FIRST DROPS of a simple compound of oil of wintergreen, thymol and glycerine mixed in D. D. D. Prescription. This soothing, healing lotion, used externally kills the eczema germ instantly.

Heretofore the D. D. D. remedy has been sold only in \$1.00 bottles; but as a special offer, any sufferer in this town who has never tried D. D. D. can now try this remedy in a special bottle at 25c. It cures the itch instantly. We KNOW this. Ramsey Drug Co., West Main St.

WOMEN'S CLUBS AT TISHOMINGO

20 CLUBS REPRESENTED—MRS. TOM HOPE, PRESIDENT, PRESENTED—MUSICAL PROGRAM TONIGHT.

Special to News.

Tishomingo, May 2.—Women's Federated Commercial Clubs of the 4th Congressional District, twenty strong, are in session at Tishomingo. The Club ladies of the pretty city on the the Pennington are affording very acceptable entertainment and contributing all possible to the pleasure of the visitors.

District President, Mrs. Tom Hope, and State President, Mrs. John Threadgill, delivered addresses last evening to happily responsive audiences.

This evening there will be a musical directed by Mrs. Hayden Linebaugh of Atoka, the program of which will be made up of 4th District Musical talent.

The session will conclude tomorrow and the Ada ladies in attendance will be due to return home that evening.

MRS. CLELLA BONNER

NORMAL LIBRARIAN

Some times the influences which secure positions for favored ones in the schools of the state must be considered very regrettable and there could be local application to such reference in most illustrative manner; but it is very acceptable that there were influences sufficient to cause the selection of Mrs. Clella Bonner as librarian of the East Central Normal. Mrs. Bonner is the widow of the late lamented Hon. Frank Bonner, who was a brother-in-law of Judge W. H. L. Campbell of the supreme court. Mrs. Bonner is as well the sister of Mrs. Perk Bruce of Pauls Valley whose husband is a brother to Mrs. S. M. Torbett of Ada. It is known that Mrs. Bonner is a cultured and attractive woman.

Miss Verna Van Werner.

Miss Van Werner who was Saturday selected to the chair of vocal music in the East Central Normal is a resident of Ardmore, and is at present supervisor of vocal music in the Ardmore public schools. Miss Van Werner brought a sextet of her training to Sulphur at the meeting of the South Central Teachers association and received much favorable attention.

GREEK YOUTHS MUST PAY PADRONES TO LIVE HERE

Kansas City, May 2.—It is a pretty hard job for a Greek boy to get financially ahead in Kansas City. The tribute he has to pay to his fellow countrymen for the privilege of living in the land of the free is heavy, if statements made in a "Padrone" case before Judge R. E. Lewis in the U. S. district court Saturday afternoon are true.

Boys testified that they had to pay a large percentage of their earnings to padrones, had to pay to get a job and had to slip the boss a little change to keep from being fired.

The matter came up in the prosecution of George and Theodore Kaplanis, labor agents, for alleged violations of the immigration laws. A contract between them and Demetrius I. Siachras was offered in evidence.

By the terms of this contract the agents made the young man a "loan" to pay his passage to the United States and he must go at once to Kansas City and enter the service of Kaplanis Brothers. If he violates the pledge the loan was to become immediately due.

IMPRISONED BANKERS

WIFE GOES UNDER KNIFE

New York, May 2.—Mrs. Charles W. Morse, wife of the former banker, now in the federal prison at Atlanta, went under the knife at her home here Saturday.

A short time later she was reported resting well, and it was announced that she would be out attending to the petition asking for her husband's release in a few days.

For some time Mrs. Morse has been suffering from what appeared to have been an abscess forming on her arm, and an operation was decided on by her physician.

The operation was simple and attended by no danger.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ONE DOLLAR BOTTLES GUARANTEED
Ramsey Drug Co., Special Agents.

WIFE WALKS AWAY WITH THE MONEY

Were Taking a Little Outing and Got in Dispute—The Woman a Winner.

Sherman, Tex., May 2.—A young farmer who resides near Howe was in the city early this morning, and to Chief of Police De Spain and others stated that on Saturday last he and his family, consisting of a wife and four small children, went into the woods near Howe to spend the day. They took their dinner with them, and were having a little family picnic, according to his statement, when an argument arose between himself and wife as to who should carry the purse. He said at the time the argument arose his wife had the purse, which contained a substantial sum of money, and at the height of the conversation she walked off through the woods and no trace of her has since been found.

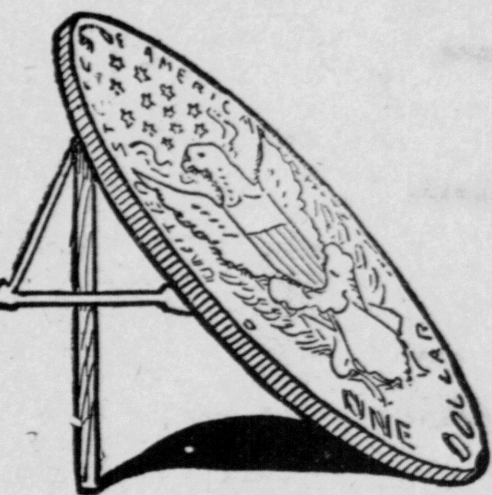

The young farmer says that he thought she was merely joking when she told him that she was going to leave, and after she did not return, he thought she had gone on home. However, he was dismayed on his return with the children to learn that she was not there, and had not been. He at once set out to look for her, eliciting the assistance of his neighbors, but so far his search has been unavailing.

The officers have taken the matter up, and a diligent search will be made for her.

Rather Than Surrender Commits Suicide—Had Viciously Attacked a Young Girl.

New York, May 2.—To prevent capture after a vicious attack on Anna Kipp, Clarence Wood, 19 years old, of Rutherford, N. J., barricaded himself in the Rutherford, Boat Club House to day, and for five hours fought off a posse of police and deputy sheriffs, 30 or 40 members of company M, of the First regiment, New Jersey National Guard, and enough volunteers from Rutherford and Hackensack to bring the posse up to 450 or 500 armed men. Finally, his stronghold riddled with bullet and surrender the only alternative, Wood ended the struggle by firing a bullet into his temple, dying almost instantly. Wood, it is believed, had become suddenly demented.

During the five-hour battle two men were wounded by Wood's bullets.

YOUR MONEY will always catch a bargain here in reality. We have a large list; at the same time, we have lots of buyers. See us when you want to BUY OR SELL.

INSURGENT VICTORY

REGULARS THROW HANDS UP IN
SENATE CONFERENCE.

TAFT BILL DOOMED

Cummins Amendment Meeting With
Favor in Congress.

Washington, May 2.—President Taft's railroad legislation will be emasculated.

At the close of a protracted conference of leading "regular" republican senators tonight, it was apparent that the revolt of the senate "insurgents" had been virtually successful, and that the sections of the bill relative to traffic agreements and mergers, which Senator Cummins and other insurgents have been fighting to amend, will be abandoned.

Practically nothing distinctive of the original bill will remain, save the sections providing for the creation of a court of commerce. Even that has had a perilous time in the house and nobody tonight is prepared to guarantee that it will be enacted.

In fact, the difference between the senate and house are so great that in view of the radical action decided upon by the senate leaders tonight, it would surprise nobody if the entire bill should fall in conference.

Taft Advised.

So serious became the situation of the bill late today that President Taft himself, at Pittsburg, was advised of the situation over the long distance telephone by Senator Aldrich.

Despairing of putting the bill through the senate in the form in which it was reported from the committee on interstate commerce, the leaders in this conference tonight decided to eliminate Section 7, which the insurgents claim practically would have repealed the Sherman Anti-Trust law by permitting traffic agreements, and Section 12, which would have legalized mergers in cases where one railroad corporation owned already 50 per cent of another desired to control outright.

Upon the "insurgents" the administration will endeavor to place the responsibility for the failure of the Taft railroad legislation.

To Senator Aldrich over the telephone, Mr. Taft is said to have expressed himself emphatically to this effect:

Insurgents Blamed.

That he had initiated the pending measure and had advocated it through out the country in the form in which it was reported to the senate and that if a combination of insurgent republicans and democrats rendered

This Store Is Here For Something

more and better than merely selling goods, and taking the money for them. We know that's the idea generally held about a business; often by the men who are conducting it; simply the exchange of money for merchandise.

Now our idea of it is different; we're here to see that you not only get something for your money, but to see that it's what you ought to get for it; to protect your interest in the matter of value. More than that we want to be of service to you in a different way than simply selling you goods.

We're here to provide what you want, and to help you get what you ought to want. We're here to see that what we sell you satisfies you; that the quality of our merchandise is right, and that you think it's right. We guarantee satisfaction, which means a good deal if you think it over; we mean by it as much as you think it means.

Now you see perhaps, why we sell

Altus, Okla., May 3.—Track laying on the Altus, Wichita Falls & Hollis Railroad has now reached a point beyond the Salt Fork of Red River, about half way between Altus and Duke, and it is thought the track will be as far as Duke in another two weeks, which is fourteen miles from Altus. The bridges are all in to Hollis, practically all the grade is surfaced ready for the steel and the management feels certain that the line will be in operation to Hollis not later than June 15th. This is one of the best lines of road ever built for this town and this part of Oklahoma and Texas, it will give a large territory much better service to Oklahoma City, Kansas City and St. Louis, and will serve much territory that has been for fifty miles distant from the nearest railroad. This line will connect at Altus with the Orient, Frisco and the Wichita Falls & Northwestern.

UNKNOWN VICTIM IS BURIED

Body Found in Box Car 35 Months
Ago Interred in Pauper's Grave.

Chickasha, Okla., May 1.—After being held 35 months awaiting identification, the victim of the Frisco box car murder was buried yesterday. The body of the young man was found at this place in a box car just arrived from Oklahoma City. The body being warm when found justified the belief that the murder had been committed en route. The car showed signs of a terrible struggle. After being killed both ears of the victim were cut off. Since the body has been held by the local undertakers it is estimated 15,000 people have viewed it. Fathers, mothers, sisters, brothers and sweethearts have traveled long distances to view the remains, with the hope of identifying a missing loved one. Several times it was thought that the body had been identified, but when the person came no one claimed to know the identity of the corpse. The body was buried in a pauper's grave.

ANOTHER YOUNG GIRL DISAPPEARED IN OKLA. CITY

Oklahoma City May 2.—Another young girl has disappeared in Oklahoma City. This time it is Viva Perkins of Capitol Hill, aged 14, and the police and secret service have been asked by her father to help locate her. He came to the station Sunday night and said that he was afraid she had run away with a man named Brown from some place in Ohio. According to the father's description, Viva has light hair and blue eyes, looks older than her age, and was dressed in a blue skirt when she left home early Sunday morning.

More Than Just Clothes

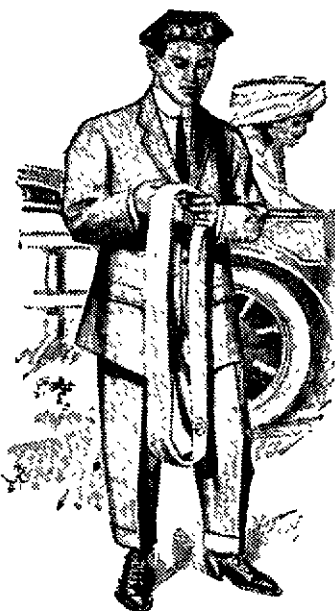

Young Men you get more than fine materials, exclusive patterns, expert tailoring in these Ederheimer-Stein suits.

All really good makes have these qualities, must have them. Ederheimer-Stein clothes have them too—and much more.

Here are clothes with spirit, life. As different from other clothes as a painting by a "master" is different from the daub of the amateur. As different from other clothes as you are different from other young men.

They're individual, distinctive. In line with your tastes, your ideas. You'll find these clothes more to your liking than any you've ever worn. They're made for you; the result of a right conception of what you are and what you want.

Tornado in Kansas.
Topeka Kan May 2—A tornado
struck the southwestern section of
Emporia last night unroofing sev-
eral houses and carrying one off its
foundation
A large new barn was crushed like
an eggshell and several small barns
were blown away
No one is reported killed or in-
jured
It is reported here that the village
of Plymouth six miles southwest of
Emporia, was entirely destroyed by
last night's tornado

FERRIS WOULD SAVE THE TIMBER LAND

Oklahoma Congressman's Resolution
Demands Prosecution of Suits.

Washington, May 2.—Charging that
through the dilatory tactics of the
Attorney General large areas of
United States timber lands in Ore-
gon are being stripped of hundreds
of thousands of dollars worth of tim-
ber belonging to the public, Repre-
sentative Scott Ferris of Oklahoma
has introduced in the house a resolu-
tion demanding that the Attorney
General at once press for a prosecu-
tion of the litigation designed to
save the timber that is being taken
from the lands Senator Chamberlain
of Oregon introduced practically the
same measure in the senate. The
resolution cites that the attorney gen-
eral has been in default in the matter
of filing the government's brief in
these land cases since Oct. 1 last year
and directs that he proceed at once
with the prosecution and employ such
attorneys and assistance as he may
need to bring the case to a speedy
conclusion

These Oregon timber steals," said
Representative Ferris, constitute
one of the most brazen disregards of
law on record and the failure of
the Attorney General to protect the
public against them is inconceiv-
able Congress at different times
made land grants aggregating 3,137-
000 acres to railroad and wagon road
companies stipulating that the lands
shall be sold in tracts not greater
than 160 acres to one individual,
who must be an actual settler and
at not more than \$250 per acre. In
absolute disregard of the law the
companies began to sell the timber
lands in tracts of 1,000 acres and
more to lumber companies and at
prices far in excess of \$250 per
acre. Two years ago congress ordered
suits brought for the recovery
of the land but the record of the
present attorney general shows that
numerous delays were acquiesced in
and no effort is being made to prose-
cute the suits that were brought to
recover \$383,000 acres of this land.
A brief that was to have been filed
in the case has not yet been filed
by the reputable citizen and com-
mercial bodies and even the legisla-
ture of the state of Oregon have
pleaded with the government to stop
the shameful stripping of the tim-
ber lands by the lumber companies
while the Attorney General dilly-
dallies along and defaults by seven-
or eight months in the matter of
filing a necessary brief on behalf
of the public. These resolutions not
only command him to do his duty by
the people but authorize him to em-
ploy additional counsel and clerks
so that he can no plead lack of fa-
cilities as reason for his failure
to take the necessary steps to pro-
tect the people against the timber
raids or to restore to the public do-
main the lands sold in disregard of
the law.

The suit in which the Attorney
general has defaulted since Oct. 1 of
last year in the matter of filing the
government's brief is against the
Oregon and California railroad

OPPOSITION TO JOHNSON- JEFFRIES FIGHT IN CALIF.

San Francisco, May 1.—Opposition
to the Jeffries-Johnson fight follow-
ing the death of Tommy McCarthy
San Francisco pugilist killed in a
fight with Owen Moran here early
Saturday morning took form today
in a state wide movement of clergy-
men to prevent the holding of the
championship fight July 4. Prize fight-
ing was denounced from scores of
pulpits and in many cases a definite
campaign was begun

At a special meeting of the con-
gregation of the First Congregational
church of Oakland resolutions were
adopted, protesting against the fight.
They will be forwarded to Governor
Gillette and Attorney General U. S.
Webb

Owen Moran who is out on bail,
awaiting his arraignment for man-
slaughter today sent \$100 to a priest
in Marm county to say mass over
the dead youth's body

The Weather Man.

Washington, May 1.—Cool weather
in the northern and middle districts
of the United States during the first
half of the week is predicted by the
weather bureau and the frost line it
is added, is likely to extend over the
lower Missouri, Middle Mississippi
and Ohio valleys

Unsettled weather will prevail dur-
ing the next three or four days in
the middle districts of the country
from the central valleys eastward,
but precipitation will hardly extend
over the extreme southern states
Over the western portions of the
country the weather will be compara-
tively settled until the latter part
of the week, when disturbance of moderate
strength will appear in that
district and move eastward

TRAIN CRASHED INTO AUTO

Boy Badly Burned and Bruised—Ma-
chine and Occupant Dragged
100 Yards.

Oklahoma City, May 2.—Caught in
the ruins of a demolished automo-
bile unable to free himself and car-
ried a block on the cow-catcher
of a Santa Fe engine crashed in the
seat of the machine, was the experi-
ence of Leo Lisszauer, aged 17 now
lying in St. Anthony's hospital in a
serious condition. The auto was an
electric, and the boy's most serious
injuries are from the burns of the
electricity there being a probability
he will lose his sight. There are
other burns on his back and limbs,
and he is severely bruised

According to eye witnesses the
wonder is that he was not instantly
killed, as the engine was going at a
high rate of speed and crashed di-
rectly into the machine at the Santa
Fe crossing on Fifth street and be-
fore the monster locomotive could
stop it was a few feet only from
Sixth street. The boy was removed
from the ruins of the machine and
hurried to St. Anthony's hospital,
where he was attended by Drs. Lea
F. Riely and M. Smith

The machine was a new Babcock
electric and was the property of C.
F. Elerick, president of the First
State bank. About 11 o'clock Sunday
morning he telephoned the garage at
13 Harrison avenue for it to be sent
to his residence. Lisszauer was em-
ployed by the Electric Vehicle com-
pany at that number and was ordered
to take the machine to Mr. Elerick's.
He went up Harrison avenue
and down Fifth street, where the ac-
cident happened

Eye witnesses say the tracks on
both sides of the street were filled
with box cars extending beyond the
sidewalk on one side. There is an
electric gong at the crossing but it
is said that it was not working and
the boy had no way of knowing that
there was an engine coming upon
the second track, until it hit him. Af-
ter being carried to the hospital Lis-
zauer regained consciousness and
said that he remembered nothing af-
ter the engine hit him. He makes
his home with his parents at 218
North Walnut avenue

BATTLESHIP OKLAHOMA.

New Fighting Boat to Bear Name of
State.

Guthrie Ok May 2.—The proposi-
tion to have one of the new recent-
ly authorized battleships named the
Oklahoma, and to have it com-
manded by an Oklahoma citizen is
being urged with success in Wash-
ington at the present time according
to a letter received from Congress-
man Bird S. McGuire enclosing a
letter to him from Secretary George
von L. Meyer of the United States
navy

When Congressman McGuire re-
turned to Washington recently from
his Oklahoma trip one of his first
acts was to request of Secretary Meyer
that one of the new ships be named
Oklahoma and that Lieut. Com-
mander Bart Barnes of Guthrie, a
son of former Gov. Cash Barnes, be
designated its commander. Mr. Meyer
replied as follows

Secretary of the Navy Washington
April 25 1910—My Dear Congress-
man I have the honor to acknowl-
edge your request that one of the
proposed battleships be named after
the State of Oklahoma and that Lieut.
Commander Barnes be given com-
mand of the vessel. Your request will
receive every consideration when
these matters are taken up. Believe
me faithfully yours

G. VON L. MEYER
Hon. Bird McGuire, House of Repre-
sentatives

Lieut. Commander Barnes is at
the present time visiting his father
here. He is stationed on the West
Virginia on the Pacific Coast being
the chief engineer of that ship. His
rank is such that within four years,
the time when the new ship is com-
pleted, he will be in line for a cap-
taincy, and the suggestion that he
command the Oklahoma will, no
doubt, be realized

Lieut. Commander Barnes has been
in the navy as an officer for fifteen
years, participated in the Spanish-
American war under Sampson and
Schley at Santiago and was flag se-
cretary to Admiral Sigsbee when the
body of Paul Jones, the father of
the American navy, was returned to
this country from France several
years ago. Out of forty-two men who
graduated with him at Annapolis
only eighteen are living

ARDMORE ENGINEER SUES

MAYOR AND COMMISSIONERS
Ardmore Okla., May 1.—City Engi-
neer Sayre has filed suit in the dis-
trict court against the mayor and
board of commissioners to restrain
them from dismissing him from his
office. He alleges he was appointed
for a term of two years and the city
officials have not the power to re-
move him from office

ELECTRICAL AND GAS MEN WILL MEET

Southwestern Association to Be Held
at Beaumont in May—Prepara-
tions to Entertain Visitors.

Dallas, Tex., May 2.—The sixth an-
nual convention of the Southwestern
Electrical and Gas Association will
be held at Beaumont May 12, 13 and
14. Meetings will be held in the Kyle
Theater the first session to be called
at 9 o'clock of the opening day by
President W. B. Head of Stephen-
ville. The address of welcome will be
by Hon. Emmett F. Walker, Mayor of
Beaumont, and the response by H.
T. Edgar of Fort Worth, manager of
the Northern Texas Traction Com-
pany. Arrangements have been made
to entertain all delegates and visitors
who attend the convention

It is announced that a large dele-
gation is going to the convention
from St. Louis and the East and that
a special train carrying these dele-
gates will make connection with a
special to be run from Dallas to
Beaumont. This special is to leave
Dallas on the night of May 11 and
will run direct to Beaumont

TEGELER, CONVICTED SLAYER, IN AUTO SEEING SIGHTS

Oklahoma City, May 2.—With per-
mission of the authorities, guarded by
Undersheriff Mike Casey and accom-
panied by his brother-in-law and a
friend, Rudolph Tegeler charged with
murder took a long automobile ride
Sunday afternoon. He expressed him-
self as having had the best time for
a long while, and said that he enjoyed
every minute of being in the open,
after two years confinement at
McAlester. He was brought back
from the penitentiary Saturday night
by Sheriff M. C. Blinn, the supreme
court having granted him a new trial.
He was convicted and sentenced for
life for the murder of James Mead-
ows, in 1907

Tegeler has made many friends
among the authorities and his at-
torneys declare they have positive
proof that Meadows is alive in Mexi-
co with his wife Mrs. Meadows was
also charged with the crime, but the
jury freed her. Tegeler says Mead-
ows knew of his relations with Mrs.
Meadows, but has always denied any
connection with the supposed crime

It is said that during the coming
week habeas corpus papers will be
secured by which Tegeler hopes to
introduce evidence to the court to
show his entire innocence or at least
show cause why he should be admit-
ted to bail

It is contended that the body dug
up near Capitol Hill and declared to
have been Meadows, was not him at
all but a body which had been dress-
ed after death. According to the evi-
dence if Meadows was killed he was
shot with his clothes on, while the
clothes on the body dug up showed
no marks of the penetration of a bul-
let. Besides these features there are
many mysterious things connected
with the case which it is believed
will be cleared up shortly. The gen-
eral opinion is that Tegeler will not
have to face a jury again for the
supposed crime

HUGHES NOT OPPOSED

New York Governor to Supreme
Court.

Washington May 2.—To Governor
Hughes was today awarded the com-
pliment of confirmation by the Sen-
ate for the high office of Justice of
the Supreme Court immediately after
his nomination had been reported
from the committee on the Judiciary.
The nomination was acted upon by
the committee during the morning
and to Senator Depew of that com-
mittee was assigned the duty of pre-
sents the report to the senate. De-
siring that there be no delay in the
action of the senate Mr. Depew took
the precaution to visit all the sena-
tors who for one reason or another
might ask to have the nomination go
over for a day. He represented to
them his desire that confirmation
should be prompt and unqualified.
He met with no opposition and when
the request for immediate action was
requested not a voice was raised
against such a course. The action of
the Senate completes the appointment
of Justice Hughes and all that re-
mains for him is the taking of the
oath of office

CHICKASHA TEACHER AT- TACKED BY PUPILS

Chickasha, Okla., May 1.—When P.
K. Taylor principal of the east side
school of this city reprimanded some
pupils for throwing stones at other
pupils on the school grounds, sev-
eral of the larger pupils opposed with
stones, baseball bats and sticks. The
principal was forced to call the po-
lice the result being that three boys
were fined in the police court and
the case of another continued

Washington, May 2.—The highest
significance is attached in Washing-
ton to two drastic anti-trust deci-
sions handed down by the Supreme
Court today arising under the anti-
trust laws of the states of Tennessee
and Mississippi

In the latter case the state was
sustained in action it took against
about thirty lumber companies which
were charged with violating the Mis-
sissippi anti-trust law by forming
and maintaining a combination to
regulate and increase prices. The
state sued to recover penalties, which
at the maximum might aggregate the
enormous sum of \$345,000,000 and at
the minimum \$14,000,000. The fact
that the Supreme court sustained the
Mississippi law notwithstanding that
the size of the penalties if enforced
would mean the complete confiscation
of the property of the lumber com-
panies would seem to mean that in
the view of the court there is abso-
lutely no limit to the extent to
which a state may go for the pro-
tection of its people from the evils
of monopoly. Sens. O. Percy of Miss-
issippi said this evening that the de-
cision of the supreme court in the
case from his state was of the first
importance and would have a far-
reaching effect

Tennessee Ouster Sustained.

The Tennessee case involved the
Standard Oil Company of Kentucky
which was charged with violating the
state anti-trust law. The officials of
Tennessee sought to oust the Ken-
tucky corporation from the state as
an anti-trust law breaker, and their
efforts were sustained by a decision
of the state supreme court. From this
decision the Standard Oil company
of Kentucky appealed to the supreme
court of the United States on a writ
of error, and this appeal was today
dismissed, leaving the Kentucky cor-
poration entirely at the mercy of the
Tennessee authorities

Looks Bad for Trusts.

The character of these decisions is
taken here as a strong pointer as to
the manner in which the Supreme
Court may be expected to decide the
great anti-trust cases against the
American Tobacco company and
Standard Oil when they come up at
next fall's term of the court. The
fact that in each of the important
cases decided today the court was
unanimous increases the impression
that it will go hard with the trusts
next fall. Justice Lurton wrote the
opinion of the court in the Missis-
sippi case this being the first he has
handed down. Another interesting cir-
cumstance is that John J. Vertrees
now counsel for Secretary of the In-
terior Ballinger before the investigat-
ing committee appeared for the
Standard Oil Company in the Ten-
nessee courts when the case was
pending there

Roosevelt Roasted.

Lowell Mass May 2.—Theodore
Roosevelt's action in not meeting
Pope Plus on the former president's
recent visit to Rome was called in-
sulting and a violation of Mr. Roose-
velt's principle of a square deal by

BYRD'S MILL WATER SITE

The Purport of the Condemnation Proceedings.

On last Saturday morning condemnation proceedings were instituted by the City of Ada to gain title to the lands which include the water site at Byrd's Mill by the city attorney and mayor Last night the city council ratified the action of the mayor and city attorney and instructed the city attorney to prosecute the suit to its final termination

The matter will be brought before Judge West of Coalgate the 14th of this month when commissioners will be appointed to appraise the property

The fact that the Byrd's Mill water site will be condemned by Ada means a great deal to the city The proceedings cost a very nominal sum and by coming into possession of the right to use the Byrd's Mill water now, the city prevents its future water supply falling into the hands of other municipalities or corporations

Whether or not the city desires to use the water this year next year or ten years from now does not matter The water will be there to be used when the city gets ready to use it

That is the proposition in a nut shell

RAISED A ROUGH HOUSE AND SKIPPED

Chas Goldston who has been at the Roland hotel, got drunk on Monday night, and proceeded to make a rough house and was very abusive in his language to a lady Yesterday the lady filed complaint against him and he left the town on the south bound Katy before the officers knew of the circumstances, but they phoned to Ada and had him arrested and jail there by the sheriff

Deputy John Kitchen has gone after him and will bring him back on the Katy this afternoon and Chief Justice Brown will do the rest

Prof. Cox Has Parts.

Pot W H Cox occupant of the chair of manual training for next year in the East Central State Normal has taught for three years in such capacity and is this year graduating from the Manual Training College at Pittsburg Kansas, recognized as the leading one of the west He is said to be a very thorough scholar and of much skill in cabinet work venetian iron productions, mechanical drawing pattern-making and accompanying accomplishments

It will please all those who are ambitious for the school on the athletic field to be informed that Prof Cox is at present captain of the football team of the great college from which he is graduating and star player on its basketball team Prof Cox is at present president of the Y M C A of Pittsburg, Kansas

FARMERS NATL. CONVENTION TO SOLVE LIVING PROBLEM

St Louis, May 3—Among the representatives to the farmers' convention here are three women who will make addresses before the convention on Wednesday afternoon—Mrs Frank DeGarmo, St Louis, Mrs Ella S Burton, Topeka, Kan., and Miss Kate Barnard, Oklahoma City, Ok

More than 100 organizations throughout the country have already announced that each will send full representation to the convention, and conservative estimates of the total attendance expected place it at 100,000

The high cost of living and the cause thereof are the primary underlying reasons for this convention, which is called to thresh out, in non-partisan discussion, the economic problems believed to be responsible for the conditions confronting the wealth-producers today, and to institute reforms which will better the conditions of the farmer and his fellow wage-earner of the city

WOMAN WHO ABANDONED CHILD GOES TO PRISON

Holdenville, Okla., May 2—Mrs Verdie Jackson, who deserted her infant at the Rock Island stock yards here April 14, pleaded guilty in the district court and was given a sentence of 18 months in the penitentiary

The woman attempted to leave the baby at a hotel in Shawnee but was forced to care for it She came here from Shawnee, left the baby and went on to McAlester, where she was arrested

She stated the child was not that of her husband, who gave her money to take it away and get rid of it The little one was adopted by a well-to-do stockman near Holdenville

STATE EVIDENCE IN HYDE CASE BEFORE JURY

Kansas City, May 2—By next Wednesday night Prosecutor Virgil S Conkling believes all the evidence of the state against Dr Hyde will be before the jury If their present plan is not changed only three more witnesses will testify for the prosecution after Dr Heiktoen completes his testimony

When Mrs Swope gave her deposition recently in the civil suit brought by the accused physician, she refused to confine herself to answering the questions asked her

The fight between Hyde's attorneys and Drs Haines and Vaughn will center on the alleged finding of cyanide of potassium in the viscera of Colonel Swope and Christian Swope

The defense avers that this was only the eleventh hour report made by the chemists in order to support the state's case The charge that cyanide had been used by Hyde was not made until Attorney James A Reed had delivered the opening statement for the prosecution

TO THOSE WHO CRITICISE AGRICULTURAL COLLEGES

College Station, Tex., May 3—One hundred per cent of the students of the agricultural course of the A & M College of Texas, who will graduate in June, will go into agricultural work, either as teachers of agriculture or "back to the farm"

This is the most emphatic answer that can be made to those who criticize agricultural colleges and the scientific teaching of agriculture, and say that the college-taught farmer generally hunts a soft place in the city in some other line of work

A couple of years ago some one asked where were all the farmers who had graduated from the A & M College of Texas The question was answered by the publication of a list of actual farmers who have gone out from the college into active, practical work

Of those who will graduate from the agricultural department, there are six who have been specializing in animal husbandry and veterinary science Every one of these is preparing now to go into business for himself

COLLEGE OF MEDICINE TO GRADUATE SEVEN STUDENTS

Oklahoma City, May 2—The class of 1910 of the Epworth College of Medicine will be graduated and receive its diplomas and degrees Thursday evening May 5, at St Luke's church The graduates are Mrs Eva Wells, W L Taylor, C E Dailey, W E Pierce, M E Stout, F W Wilkes and W W Wells

Dr George H Bradford, chancellor of Epworth University, will deliver the commencement address, and the presentation of diplomas will be made by Dr A K West dean of the Epworth College of Medicine This will be the last class to graduate from the college, owing to the recent consolidation of that institution with the Oklahoma State University, which will be effected as soon as the present collegiate year is finished

PROF. BARRETT'S CAREER.

New Professor of Science at University Author of Work on Pedagogy.

Wynnewood, Ok., May 2—Prof S M Barrett, recently elected professor of science in school education at the state university, is author of a work on practical pedagogy that has been adopted by schools in Oklahoma, Minnesota, Nebraska and South Dakota He has been asked by the state superintendent of Nebraska to conduct the pedagogical department in the state teachers' institute there

Prof Barrett is author of the "Life of Geronimo," and is engaged in another work on the social and political economy of the wild Indian tribes He was born among the Pawnees, and is an adopted member of the Apache tribe of Indians His early life was spent on the plains

TAFT WOULD FORTIFY PANAMA IMMEDIATELY

Washington, May 1—In a message, accompanied by a detailed report from the War Department, President Taft yesterday sent to congress information regarding the necessity for immediately beginning the fortification of the Panama Canal in order to have it completed by 1915, the date set for finishing the construction of the canal The reports accompanying the message do not give the exact locations of the fortifications, but it is explained that this can not be furnished until information has been obtained regarding the "status and availability of certain parcels of land situated along the route of the canal"

The armament for the proposed fortifications is enumerated as follows: Ten 14-inch rifles, twelve 6-inch rifles and twenty-five 12-inch mortars The cost is placed at \$14,000,000

The Capital Question

Is Twenty-One Years Old

It must be Settled Sometime—
Why Not Now?
Do It Saturday, June 11, 1910

Oklahoma City

Solicit Your Support

If located at OKLAHOMA CITY, the sale of land which the State is to purchase will provide a building fund of at least \$8,000,000 in excess of the cost of the land. The great packers, Morris & Co., have proven this assertion. Such a project would not realize one-fourth of that sum at Guthrie or Shawnee.

WHY?

Because—

OKLAHOMA CITY IS FOUR TIMES LARGER THAN EITHER, AND IS GROWING FASTER THAN ANY OTHER AMERICAN CITY—

It is the Geographical Center—
Has Unsurpassed Railway Facilities—
It is the acknowledged Commercial, Financial and Industrial Center.

Vote YES on the question: "Shall the Capital of the State of Oklahoma be permanently located?" and vote for Oklahoma City for the permanent Capital

There is Absolutely None Better

Read what Mrs. W. S. DeLong, the lady in charge of the Calumet Baking Powder School held in Ada a short time ago, has to say about it:
"THE WAPLES PLATTER GRO. CO.: After using the WAPCO FLOUR I have no hesitancy in saying, that it is without question, the Best Flour I have ever used, and I take pleasure in recommending it to the public.

Yours Resp't.,

MRS. W. S. DeLONG,
Domestic Science Teacher.

CAR CONDUCTOR SLUGGED

ASSAILANT ESCAPED

Oklahoma City, May 2.—Knocked unconscious with a blunt instrument, W. C. Taylor, aged 26, a conductor, on a westbound Main street car, was attacked by an unknown assassin while flagging his car at the Frisco crossing Sunday night at 10:40 o'clock, and lies at St. Anthony's hospital in a serious condition. Concussion of the brain is feared by his attending physician, Dr. S. R. Cunningham. Robbery is believed to have been the motive. Taylor, who came here about a year ago from Kansas, and rooms near the car barns, was conductor of car No. 22, of which A. Higgins, living at 230 West Eleventh street, is motorman.

The conductor was attacked while hurrying to the tracks, being two car lengths from his own car. Higgins says he saw a blow struck, but an incoming Belle Isle car, which made the turn at the same time, obstructed his view, but the head lights of which threw a light on Taylor's body almost as it fell to the ground. Higgins immediately jumped from his place and went to Taylor's side. Higgins says he saw a man running south on the tracks and that he was the same party standing near Taylor as he was about to cross the tracks before the attack.

A new cheap baseball was found at Taylor's side and officers are of the belief that this rolled in a handkerchief was used in the attack. This is discredited, however, by others, whom claim a heavier weapon was used, probably a blunt end of a revolver. That robbery was the motive is not questioned by authorities, and all that prevented the assailant carrying out his plans was the unexpected appearance of the Belle Isle car.

OKLA. CITY BAPTISTS TAKE LARGEST COLLECTION

Oklahoma City, May 2.—The first collection taken to aid in building the new White Temple at Ninth street and Robinson avenue netted more than \$30,000 Sunday morning. This is believed by the Rev. Carter Helm Jones, pastor of the White Temple Baptist church, to be the largest collection ever taken in the state.

The money was raised from those who attended services Sunday morning. Blank notes, maturing in three, six, nine and twelve months' time had been distributed among members of the congregation, with instructions to fill in for the amount to be given. The final figures, as given out by Dr. Jones Sunday night, were \$30,000.

This is aside from many personal pledges, which are not counted.

The church will raise \$50,000 which will be added to the \$50,000 resulting from the sale of the present property to the Masonic lodge and left over after the purchase of the new lot. A \$100,000 building will be erected.

OLDEST PERSON IN TEXAS

Mary Courtney of Floresville Is 119 Years of Age.

San Antonio, Tex., May 2.—According to a report just issued by the state health board, Mary Courtney of Floresville, Wilson county, is the oldest person in the state, having lived no less than 119 years. She is still active enough to count on another five or even ten years. Next to her in age is Juan Vargas, a Mexican of this city, who will be 115 in a few weeks. The next oldest person in the state is Hannah Wilson, colored, who is 100 years and eight months. There are nine others who are close to the century mark and nearly a score who are over 90. The report discloses also other interesting data. The birth and death rates of whites in the state 4367 and 2289 respectively showing a wonderful increase in the former. While 497 negroes died during March only 397 were born.

Miners' Demands Denied

Kansas City, May 2.—All the demands of the 25,000 striking miners of Missouri, Kansas, Oklahoma and Arkansas were refused by the executive committee of the Southwestern Coal Operators' association at a joint meeting with a committee of the miners today and it was announced that all negotiations were at an end and that the strike would continue.

Itch Relieved at Once

That terrible itch disappears with the FIRST DROPS of a simple compound of oil of wintergreen, thymol and glycerine mixed in D. D. D. Prescription. This soothing, healing lotion, used externally kills the eczema germ instantly.

Heretofore the D. D. D. remedy has been sold only in \$1.00 bottles; but as a special offer, any sufferer in this town who has never tried D. D. D. can now try this remedy in a special bottle at 25c. It cures the itch instantly. We KNOW this. Ramsey Drug Co., West Main St.

WOMEN'S CLUBS AT TISHOMINGO

20 CLUBS REPRESENTED—MRS. TOM HOPE, PRESIDENT, PRESENTED—MUSICAL PROGRAM TONIGHT.

Special to News.

Tishomingo, May 2.—Women's Federated Commercial Clubs of the 4th Congressional District, twenty strong, are in session at Tishomingo. The Club ladies of the pretty city on the the Pennington are affording very acceptable entertainment and contributing all possible to the pleasure of the visitors.

District President, Mrs. Tom Hope, and State President, Mrs. John Threadgill, delivered addresses last evening to happily responsive audiences.

This evening there will be a musical directed by Mrs. Hayden Linebaugh of Atoka, the program of which will be made up of 4th District Musical talent.

The session will conclude tomorrow and the Ada ladies in attendance will be due to return home that evening.

MRS. CLELLA BONNER

NORMAL LIBRARIAN

Some times the influences which secure positions for favored ones in the schools of the state must be considered very regrettable and there could be local application to such reference in most illustrative manner; but it is very acceptable that there were influences sufficient to cause the selection of Mrs. Clella Bonner as librarian of the East Central Normal. Mrs. Bonner is the widow of the late lamented Hon. Frank Bonner, who was a brother-in-law of Judge W. H. L. Campbell of the supreme court. Mrs. Bonner is as well the sister of Mrs. Perk Bruce of Pauls Valley whose husband is a brother to Mrs. S. M. Torbett of Ada. It is known that Mrs. Bonner is a cultured and attractive woman.

Miss Verna Van Werner, Miss Van Werner who was Saturday selected to the chair of vocal music in the East Central Normal is a resident of Ardmore, and is at present supervisor of vocal music in the Ardmore public schools. Miss Van Werner brought a sextet of her training to Sulphur at the meeting of the South Central Teachers' association and received much favorable attention.

GREEK YOUTHS MUST PAY

PADRONES TO LIVE HERE

Kansas City, May 2.—It is a pretty hard job for a Greek boy to get financially ahead in Kansas City. The tribute he has to pay to his fellow countrymen for the privilege of living in the land of the free is heavy. If statements made in a "Padrone" case before Judge R. E. Lewis in the U. S. district court Saturday afternoon are true.

Boys testified that they had to pay a large percentage of their earnings to padrones, had to pay to get a job and had to slip the boss a little change to keep from being fired.

The matter came up in the prosecution of George and Theodore Kaplans, labor agents, for alleged violations of the immigration laws. A contract between them and Demetrius I. Siachras was offered in evidence.

By the terms of this contract the agents made the young man a "loan" to pay his passage to the United States and he must go at once to Kansas City and enter the service of Kaplans Brothers. If he violates the pledge the loan was to become immediately due.

IMPRISONED BANKERS

WIFE GOES UNDER KNIFE

New York, May 2.—Mrs. Charles W. Morse, wife of the former banker, now in the federal prison at Atlanta, went under the knife at her home here Saturday.

A short time later she was reported resting well, and it was announced that she would be out attending to the petition asking for her husband's release in a few days.

For some time Mrs. Morse has been suffering from what appeared to have been an abscess forming on her arm, and an operation was decided on by her physician.

The operation was simple and attended by no danger.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ONE DOLLAR BOTTLES GUARANTEED
Ramsey Drug Co., Special Agents.

WIFE WALKS AWAY WITH THE MONEY

Were Taking a Little Outing and Got in Dispute—The Woman a Winner.

Sherman, Tex., May 2.—A young farmer who resides near Howe was in the city early this morning, and to Chief of Police De Spain and others stated that on Saturday last he and his family, consisting of a wife and four small children, went into the woods near Howe to spend the day. They took their dinner with them, and were having a little family picnic, according to his statement, when an argument arose between himself and wife as to who should carry the purse. He said at the time the argument arose his wife had the purse, which contained a substantial sum of money, and at the height of the conversation she walked off through the woods and no trace of her has since been found.

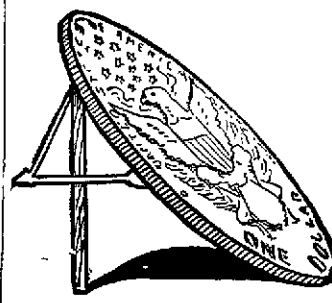

The young farmer says that he thought she was merely joking when she told him that she was going to leave, and after she did not return, he thought she had gone on home. However, he was dismayed on his return with the children to learn that she was not there, and had not been. He at once set out to look for her, eliciting the assistance of his neighbors, but so far his search has been unavailing.

The officers have taken the matter up, and a diligent search will be made for her.

Rather Than Surrender Commits Suicide—Had Viciously Attacked a Young Girl.

New York, May 2.—To prevent capture after a vicious attack on Anna Klipp, Clarence Wood, 19 years old, of Rutherford, N. J., barricaded himself in the Rutherford, Boat Club House to day, and for five hours fought off a posse of police and deputy sheriffs, 30 or 40 members of company M, of the First regiment, New Jersey National Guard, and enough volunteers from Rutherford and Hackensack to bring the posse up to 450 or 500 armed men. Finally, his stronghold riddled with bullet and surrender the only alternative, Wood ended the struggle by firing a bullet into his temple, dying almost instantly. Wood, it is believed, had become suddenly demented.

During the five-hour battle two men were wounded by Wood's bullets.

YOUR MONEY will always catch a bargain here in reality. We have a large list; at the same time, we have lots of buyers. See us when you want to BUY OR SELL.

Charged With Killing Wife.
Arkansas City, Kan., May 2.—Lewis W. Potterton, who with his foster mother, Mrs. Emma A. Allen, is charged with the murder of his wife by the administration of arsenic poisoning, was surrendered by his bondsmen last night and placed in

the county jail. He had been at liberty on \$10,000 bond. Mrs. Allen is not in jail because she is suffering from a nervous attack. She is under the care of a nurse and is being guarded by officers at her home.

INSURGENT VICTORY

REGULARS THROW HANDS UP IN
SENATE CONFERENCE.

TAFT BILL DOOMED

Cumulative Amendment Meeting With
Favor in Congress.

Washington, May 2.—President Taft's railroad legislation will be emasculated.

At the close of a protracted conference of leading "regular" republican senators tonight, it was apparent that the revolt of the senate "insurgents" had been virtually successful, and that the sections of the bill relative to traffic agreements and mergers, which Senator Cummins and other insurgents have been fighting to amend, will be abandoned.

Practically nothing distinctive of the original bill will remain, save the sections providing for the creation of a court of commerce. Even that has had a perilous time in the house and nobody tonight is prepared to guarantee that it will be enacted.

In fact, the difference between the senate and house are so great that in view of the radical action decided upon by the senate leaders tonight, it would surprise nobody if the entire bill should fail in conference.

Taft Advised.

So serious became the situation of the bill late today that President Taft himself, at Pittsburg, was advised of the situation over the long distance telephone by Senator Aldrich.

Despairing of putting the bill through the senate in the form in which it was reported from the committee on interstate commerce, the leaders in this conference tonight decided to eliminate Section 7, which the insurgents claim practically would have repealed the Sherman Anti-Trust law by permitting traffic agreements, and Section 12, which would have legalized mergers in cases where one railroad corporation owning already 50 per cent of another desired to control outright.

Upon the "insurgents" the administration will endeavor to place the responsibility for the failure of the Taft railroad legislation.

To Senator Aldrich over the telephone, Mr. Taft is said to have expressed himself emphatically to this effect:

Insurgents Blamed.

That he had initiated the pending measure and had advocated it through out the country in the form in which it was reported to the senate and that if a combination of insurgent republicans and democrats rendered

This Store Is Here For Something

more and better than merely selling goods, and taking the money for them. We know that's the idea generally held about a business; often by the men who are conducting it; simply the exchange of money for merchandise.

Now our idea of it is different; we're here to see that you not only get something for your money, but to see that it's what you ought to get for it; to protect your interest in the matter of value. More than that we want to be of service to you in a different way than simply selling you goods.

We're here to provide what you want, and to help you get what you ought to want. We're here to see that what we sell you satisfies you; that the quality of our merchandise is right, and that you think it's right. We guarantee satisfaction, which means a good deal if you think it over; we mean by it as much as you think it means.

Now you see perhaps, why we sell

UNKNOWN VICTIM IS BURIED

Body Found in Box Car 35 Months
Ago Interred in Pauper's Grave.

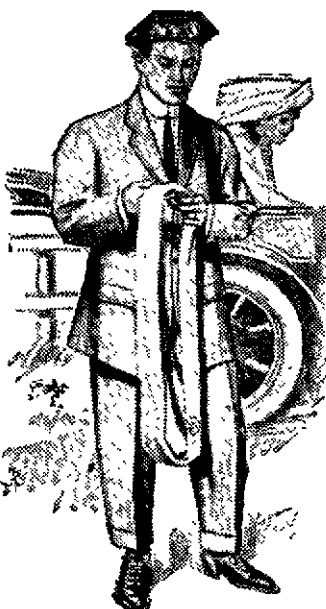

Chickasha, Okla., May 1.—After being held 35 months awaiting identification, the victim of the Frisco box car murder was buried yesterday. The body of the young man was found at this place in a box car just arrived from Oklahoma City. The body being warm when found justified the belief that the murder had been committed en route. The car showed signs of a terrible struggle. After being killed both ears of the victim were cut off. Since the body has been held by the local undertakers it is estimated 15,000 people have viewed it. Fathers, mothers, sisters, brothers and sweethearts have traveled long distances to view the remains, with the hope of identifying a missing loved one. Several times it was thought that the body had been identified, but when the person came no one claimed to know the identity of the corpse. The body was buried in a pauper's grave.

ANOTHER YOUNG GIRL DISAPPEARED IN OKLA. CITY

Oklahoma City, May 2.—Another young girl has disappeared in Oklahoma City. This time it is Viva Perkins of Capitol Hill, aged 14; and the police and secret service have been asked by her father to help locate her. He came to the station Sunday night and said that he was afraid she had run away with a man named Brown from some place in Ohio. According to the father's description, Viva has light hair and blue eyes, looks older than her age, and was dressed in a blue skirt when she left home early Sunday morning.

More Than Just Clothes

Young Men you get more than fine materials, exclusive patterns, expert tailoring in these Ederheimer-Stein suits.

All really good makes have these qualities, must have them. Ederheimer-Stein clothes have them too—and much more.

Here are clothes with spirit, life. As different from other clothes as a painting by a "master" is different from the daub of the amateur. As different from other clothes as you are different from other young men.

They're individual, distinctive. In line with your tastes, your ideas. You'll find these clothes more to your liking than any you've ever worn. They're made for you; the result of a right conception of what you are and what you want.

Tornado in Kansas.

Topeka Kan. May 2.—A tornado struck the southwestern section of Emporia last night unroofing several houses and carrying one off its foundation.

A large new barn was crushed like an eggshell and several small barns were blown away.

No one is reported killed or injured.

It is reported here that the village of Plymouth six miles southwest of Emporia, was entirely destroyed by last night's tornado.

FERRIS WOULD SAVE THE TIMBER LAND

Oklahoma Congressman's Resolution Demands Prosecution of Suits.

Washington, May 2.—Charging that through the dilatory tactics of the Attorney General large areas of United States timber lands in Oregon are being stripped of hundreds of thousands of dollars worth of timber belonging to the public, Representative Scott Ferris of Oklahoma has introduced in the house a resolution demanding that the Attorney General at once press for a prosecution of the litigation designed to save the timber that is being taken from the lands Senator Chamberlain of Oregon introduced practically the same measure in the senate. The resolution cites that the attorney general has been in default in the matter of filing the government's brief in these land cases since Oct. 1 last year and directs that he proceed at once with the prosecution and employ such attorneys and assistance as he may need to bring the case to a speedy conclusion.

These Oregon timber steals, said Representative Ferris, constitute one of the most brazen disregards of law on record and the failure of the Attorney General to protect the public against them is unconscionable. Congress at different times made land grants aggregating 3,137,000 acres to railroad and wagon road companies stipulating that the lands shall be sold in tracts not greater than 160 acres to one individual, who must be an actual settler and at not more than \$250 per acre. In absolute disregard of the law the companies began to sell the timber lands in tracts of 1,000 acres and more to lumber companies and at prices far in excess of \$250 per acre. Two years ago congress ordered suits brought for the recovery of the land but the record of the present attorney general shows that numerous delays were acquiesced in and no effort is being made to prosecute the suits that were brought to recover \$383,000 acres of this land. A brief that was to have been filed in the case has not yet been filed by the reputable citizen and commercial bodies and even the legislature of the state of Oregon have pleaded with the government to stop the shameful stripping of the timber lands by the lumber companies while the Attorney General dilly-dallies along and defaults by seven or eight months in the matter of filing a necessary brief on behalf of the public. These resolutions not only command him to do his duty by the people but authorize him to employ additional counsel and clerks so that he can no plead lack of facilities as reason for his failure to take the necessary steps to protect the people against the timber raids or to restore to the public domain the lands sold in disregard of the law.

The suit in which the Attorney general has defaulted since Oct. 1 of last year in the matter of filing the government's brief is against the Oregon and California railroad.

OPPOSITION TO JOHNSON-JEFFRIES FIGHT IN CALIF.

San Francisco, May 1.—Opposition to the Jeffries-Johnson fight following the death of Tommy McCarthy San Francisco pugilist killed in a fight with Owen Moran here early Saturday morning took form today in a state wide movement of clergymen to prevent the holding of the championship fight July 4. Prize fighting was denounced from scores of pulpits and in many cases a definite campaign was begun.

At a special meeting of the congregation of the First Congregational church of Oakland resolutions were adopted, protesting against the fight. They will be forwarded to Governor Gillette and Attorney General U. S. Webb.

Owen Moran who is out on bail, awaiting his arraignment for manslaughter today sent \$100 to a priest in Marm county to say mass over the dead youths body.

The Weather Man.

Washington, May 1.—Cool weather in the northern and middle districts of the United States during the first half of the week is predicted by the weather bureau and the frost line it is added, is likely to extend over the lower Missouri, Middle Mississippi and Ohio valleys.

Unsettled weather will prevail during the next three or four days in the middle districts of the country from the central valleys eastward, but precipitation will hardly extend over the extreme southern states. Over the western portions of the country the weather will be comparatively settled until the latter part of the week, when disturbance of moderate strength will appear in that district and move eastward.

TRAIN CRASHED INTO AUTO

Boy Badly Burned and Bruised—Machine and Occupant Drugged 100 Yards.

Oklahoma City, May 2.—Caught in the ruins of a demolished automobile unable to free himself and carried a block on the cow-catcher of a Santa Fe engine crashed in the seat of the machine, was the experience of Leo Lisszauer, aged 17 now lying in St. Anthony's hospital in a serious condition. The auto was an electric, and the boys most serious injuries are from the burns of the electricity there being a probability he will lose his sight. There are other burns on his back and limbs, and he is severely bruised.

According to eye witnesses the wonder is that he was not instantly killed, as the engine was going at a high rate of speed and crashed directly into the machine at the Santa Fe crossing on Fifth street and before the monster locomotive could stop it was a few feet only from Sixth street. The boy was removed from the ruins of the machine and hurried to St. Anthony's hospital, where he was attended by Drs. Lea F. Riely and M. Smith.

The machine was a new Babcock electric and was the property of C. F. Ellerick president of the First State Bank. About 11 o'clock Sunday morning he telephoned the garage at 13 Harrison avenue for it to be sent to his residence Lisszauer was employed by the Electric Vehicle company at that number and was ordered to take the machine to Mr. Ellerick's. He went up Harrison avenue and down Fifth street, where the accident happened.

Eye witnesses say the tracks on both sides of the street were filled with box cars extending beyond the sidewalk on one side. There is an electric gong at the crossing but it is said that it was not working and the boy had no way of knowing that there was an engine coming upon the second track, until it hit him. After being carried to the hospital Lisszauer regained consciousness and said that he remembered nothing after the engine hit him. He makes his home with his parents at 216 North Walnut avenue.

BATTLESHIP OKLAHOMA.

New Fighting Boat to Bear Name of State.

Guthrie Ok. May 2.—The proposition to have one of the new recently authorized battleships named the Oklahoma, and to have it commanded by an Oklahoma citizen is being urged with success in Washington at the present time according to a letter received from Congressman Bird S. McGuire enclosing a letter to him from Secretary George von L. Meyer of the United States navy.

When Congressman McGuire returned to Washington recently from his Oklahoma trip one of his first acts was to request of Secretary Meyer that one of the new ships be named Oklahoma and that Lieutenant Commander Bart Barnes of Guthrie a son of former Gov. Cash Barnes, be designated its commander. Mr. Meyer replied as follows:

Secretary of the Navy Washington April 25 1910.—My Dear Congressman: I have the honor to acknowledge your request that one of the proposed battleships be named after the State of Oklahoma and that Lieutenant Commander Barnes be given command of the vessel. Your request will receive every consideration when these matters are taken up. Believe me faithfully yours,

G. VON L. MEYER

Hon. Bird McGuire, House of Representatives. Lieutenant Commander Barnes is at the present time visiting his father here. He is stationed on the West Virginia on the Pacific Coast being the chief engineer of that ship. His rank is such that within four years, the time when the new ship is completed, he will be in line for a captaincy, and the suggestion that he command the Oklahoma will, no doubt, be realized.

Lieutenant Commander Barnes has been in the navy as an officer for fifteen years, participated in the Spanish-American war under Sampson and Schley at Santiago and was flag secretary to Admiral Sigbee when the body of Paul Jones, the father of the American navy, was returned to this country from France several years ago. Out of forty-two men who graduated with him at Annapolis only eighteen are living.

ARDMORE ENGINEER SUES

Mayor and Commissioners. Ardmore Okla., May 1.—City Engineer Sayre has filed suit in the district court against the mayor and board of commissioners to restrain them from dismissing him from his office. He alleges he was appointed for a term of two years and the city officials have not the power to remove him from office.

ELECTRICAL AND GAS MEN WILL MEET

Southwestern Association to Be Held at Beaumont in May—Preparations to Entertain Visitors.

Dallas, Tex., May 2.—The sixth annual convention of the Southwestern Electrical and Gas Association will be held at Beaumont May 12, 13 and 14. Meetings will be held in the Kyle Theater the first session to be called at 9 o'clock of the opening day by President W. B. Head of Stephenville. The address of welcome will be by Hon. Emmett F. Walker, Mayor of Beaumont, and the response by H. T. Edgar of Fort Worth, manager of the Northern Texas Traction Company. Arrangements have been made to entertain all delegates and visitors who attend the convention.

It is announced that a large delegation is going to the convention from St. Louis and the East and that a special train carrying these delegates will make connection with a special to be run from Dallas to Beaumont. This special is to leave Dallas on the night of May 11 and will run direct to Beaumont.

TEGELER, CONVICTED SLAYER, IN AUTO SEEING SIGHTS

Oklahoma City, May 2.—With permission of the authorities, guarded by Undersheriff Mike Casey and accompanied by his brother-in-law and a friend, Rudolph Tegeler charged with murder took a long automobile ride Sunday afternoon. He expressed himself as having had the best time for a long while, and said that he enjoyed every minute of being in the open, after two years confinement at McAlester. He was brought back from the penitentiary Saturday night by Sheriff M. C. Blanton, the supreme court having granted him a new trial. He was convicted and sentenced for life for the murder of James Meadows, in 1907.

Tegeler has made many friends among the authorities and his attorneys declare they have positive proof that Meadows is alive in Mexico with his wife Mrs. Meadows was also charged with the crime, but the jury freed her. Tegeler says Meadows knew of his relations with Mrs. Meadows, but has always denied any connection with the supposed crime. It is said that during the coming week habeas corpus papers will be secured by which Tegeler hopes to introduce evidence to the court to show his entire innocence or at least show cause why he should be admitted to bail.

It is contended that the body dug up near Capitol Hill and declared to have been Meadows, was not him at all but a body which had been dressed after death. According to the evidence if Meadows was killed he was shot with his clothes on, while the clothes on the body dug up showed no marks of the penetration of a bullet. Besides these features there are many mysterious things connected with the case which it is believed will be cleared up shortly. The general opinion is that Tegeler will not have to face a jury again for the supposed crime.

HUGHES NOT OPPOSED

New York Governor to Supreme Court.

Washington May 2.—To Governor Hughes was today awarded the compliment of confirmation by the Senate for the high office of Justice of the Supreme Court immediately after his nomination had been reported from the committee on the Judiciary. The nomination was acted upon by the committee during the morning and to Senator Depew of that committee was assigned the duty of presenting the report to the senate. Desiring that there be no delay in the action of the senate Mr. Depew took the precaution to visit all the senators who for one reason or another might ask to have the nomination go over for a day. He represented to them his desire that confirmation should be prompt and unquestioned. He met with no opposition and when the request for immediate action was requested not a voice was raised against such a course. The action of the Senate completes the appointment of Justice Hughes and all that remains for him is the taking of the oath of office.

CHICKASHA TEACHER ATTACKED BY PUPILS

Chickasha, Okla., May 1.—When P. K. Taylor principal of the east side school of this city reprimanded some pupils for throwing stones at other pupils on the school grounds, several of the larger pupils opposed with stones, baseball bats and sticks. The principal was forced to call the police the result being that three boys were fined in the police court and the case of another continued.

List your real estate with the Weaver Agency

TRUST LOSE BATTLE.

Highest Tribunal of Land, Renders Verdict Against Them.

Washington, May 2.—The highest significance is attached in Washington to two drastic anti-trust decisions handed down by the Supreme Court today arising under the anti-trust laws of the states of Tennessee and Mississippi.

In the latter case the state was sustained in action it took against about thirty lumber companies which were charged with violating the Mississippi anti-trust law by forming and maintaining a combination to regulate and increase prices. The state sued to recover penalties, which at the maximum might aggregate the enormous sum of \$345,000,000 and at the minimum \$14,000,000. The fact that the Supreme court sustained the Mississippi law notwithstanding that the size of the penalties if enforced would mean the complete confiscation of the property of the lumber companies would seem to mean that in the view of the court there is absolutely no limit to the extent to which a state may go for the protection of its people from the evils of monopoly. Sen. Percy of Mississippi said this evening that the decision of the supreme court in the case from his state was of the first importance and would have a far-reaching effect.

Tennessee Ouster Sustained.

The Tennessee case involved the Standard Oil Company of Kentucky which was charged with violating the state anti-trust law. The officials of Tennessee sought to oust the Kentucky corporation from the state as an anti-trust law breaker, and their efforts were sustained by a decision of the state Supreme court. From this decision the Standard Oil company of Kentucky appealed to the supreme court of the United States on a writ of error, and this appeal was today dismissed, leaving the Kentucky corporation entirely at the mercy of the Tennessee authorities.

Looks Bad for Trusts.

The character of these decisions is taken here as a strong pointer as to the manner in which the Supreme Court may be expected to decide the great anti-trust cases against the American Tobacco company and Standard Oil when they come up at next fall's term of the court. The fact that in each of the important cases decided today the court was unanimous increases the impression that it will go hard with the trusts next fall. Justice Lurton wrote the opinion of the court in the Mississippi case this being the first he has handed down. Another interesting circumstance is that John J. Vertrees now counsel for Secretary of the Interior Ballinger before the investigating committee appeared for the Standard Oil Company in the Tennessee courts when the case was pending there.

Roosevelt Roasted.

Lowell Mass. May 2.—Theodore Roosevelt's action in not meeting Pope Plus on the former president's recent visit to Rome was called insulting and a violation of Mr. Roosevelt's principle of a square deal by Most Rev. William H. O'Connell archbishop of Boston, at a public meeting of the American Federation of Catholic societies of the diocese in this city today.

Cabbage Plants.

I have a few thousand cabbage plants of the choicest variety for sale at 25 cents per hundred. Cheaper in larger quantities. Leave order at the News office for delivery at said office the following day.

CARLTON WEAVER

THE Ada National Bank

From the day of its opening, July 23, 1900, down to the present time the business of this Bank has gone forward without interruption.

Has accommodated more farmers than any Bank in the county.

Has assisted more local enterprises than any other Bank in the City.

If you have unfinished business with this Bank for 1909 attend to it at once.

BYRD'S MILL WATER SITE

The Purport of the Condemnation Proceedings.

On last Saturday morning condemnation proceedings were instituted by the City of Ada to gain title to the lands which include the water site at Byrd's Mill by the city attorney and mayor. Last night the city council ratified the action of the mayor and city attorney and instructed the city attorney to prosecute the suit to its final termination.

The matter will be brought before Judge West of Coalgate the 14th of this month when commissioners will be appointed to appraise the property.

The fact that the Byrd's Mill water site will be condemned by Ada means a great deal to the city. The proceedings cost a very nominal sum and by coming into possession of the right to use the Byrd's Mill water now, the city prevents its future water supply falling into the hands of other municipalities or corporations.

Whether or not the city desires to use the water this year next year or ten years from now does not matter. The water will be there to be used when the city gets ready to use it.

That is the proposition in a nutshell.

RAISED A ROUGH HOUSE AND SKIPPED

Chas Goldston who has been at the Roland hotel, got drunk on Monday night, and proceeded to make a rough house and was very abusive in his language to a lady. Yesterday the lady filed complaint against him and he left the town on the south bound Katy before the officers knew of the circumstances, but they phoned to Ketchikan and had him arrested and taken there by the sheriff.

Deputy John Kitchen has gone after him and will bring him back on the Katy this afternoon and Chief Justice Brown will do the rest.

Prof. Cox Has Parts.

P of W H Cox occupant of the chair of manual training for next year in the East Central State Normal has taught for three years in such capacity and is this year graduating from the Manual Training College at Pittsburg, Kansas, recognized as the leading one of the west. He is said to be a very thorough scholar and of much skill in cabinet work, ventian iron productions, mechanical drawing, pattern-making and accompanying accomplishments. It will please all those who are ambitious for the school on the athletic field to be informed that Prof Cox is at present captain of the football team of the great college from which he is graduating and star player on its basketball team. Prof Cox is at present president of the Y M C A of Pittsburg, Kansas.

FARMERS NAT'L CONVENTION TO SOLVE LIVING PROBLEM

St. Louis, May 3.—Among the representatives to the farmers' convention here are three women who will make addresses before the convention on Wednesday afternoon—Mrs Frank DeGarmo, St. Louis, Mrs Ella S Burton, Topeka, Kan., and Miss Kate Barnard, Oklahoma City, Ok. More than 100 organizations throughout the country have already announced that each will send full representation to the convention, and conservative estimates of the total attendance expected place it at 100,000.

The high cost of living and the cause thereof are the primary underlying reasons for this convention, which is called to thresh out, in non-partisan discussion, the economic problems believed to be responsible for the conditions confronting the wealth-producers today, and to institute reforms which will better the conditions of the farmer and his fellow wage-earner of the city.

WOMAN WHO ABANDONED CHILD GOES TO PRISON

Holdenville, Okla., May 2.—Mrs Verdie Jackson, who deserted her infant at the Rock Island stock yards here April 14, pleaded guilty in the district court and was given a sentence of 18 months in the penitentiary.

The woman attempted to leave the baby at a hotel in Shawnee but was forced to care for it. She came here from Shawnee, left the baby and went on to McAlester, where she was arrested.

She stated the child was not that of her husband, who gave her money to take it away and get rid of it. The little one was adopted by a well-to-do stockman near Holdenville.

STATE EVIDENCE IN HYDE CASE BEFORE JURY

Kansas City, May 2.—By next Wednesday night Prosecutor Virgil S Conkling believes all the evidence of the state against Dr Hyde will be before the jury. If they resent plan is not changed only three more witnesses will testify for the prosecution after Dr Hektoen completes his testimony.

When Mrs Swope gave her deposition recently in the civil suit brought by the accused physician, she refused to confine herself to answering the questions asked her.

The fight between Hyde's attorneys and Drs Haines and Vaughn will center on the alleged finding of cyanide of potassium in the viscera of Colonel Swope and Christian Swope.

The defense avers that this was only the eleventh hour report made by the chemists in order to support the state's case. The charge that cyanide had been used by Hyde was not made until Attorney James A Reed had delivered the opening statement for the prosecution.

TO THOSE WHO CRITICISE AGRICULTURAL COLLEGES

College Station, Tex., May 3.—One hundred per cent of the students of the agricultural course of the A & M College of Texas, who will graduate in June, will go into agricultural work, either as teachers of agriculture or "back to the farm."

This is the most emphatic answer that can be made to those who criticize agricultural colleges and the scientific teaching of agriculture, and say that the college-taught farmer generally hunts a soft place in the city in some other line of work. A couple of years ago some one asked where were all the farmers who had graduated from the A & M College of Texas. The question was answered by the publication of a list of actual farmers who have gone out from the college into active, practical work.

Of those who will graduate from the agricultural department, there are six who have been specializing in animal husbandry and veterinary science. Every one of these is preparing now to go into business for himself.

COLLEGE OF MEDICINE TO GRADUATE SEVEN STUDENTS

Oklahoma City, May 2.—The class of 1919 of the Epworth College of Medicine will be graduated and receive its diplomas and degrees Thursday evening May 5, at St Luke's church. The graduates are Mrs Eva Wells, W L Taylor, C E Dailey, W E Pierce, M E Stout, F W Wilkes and W W Wells.

Dr George H Bradford, chancellor of Epworth University, will deliver the commencement address, and the presentation of diplomas will be made by Dr A K West dean of the Epworth College of Medicine. This will be the last class to graduate from the college, owing to the recent consolidation of that institution with the Oklahoma State University, which will be effected as soon as the present collegiate year is finished.

PROF. BARRETT'S CAREER.

New Professor of Science at University, Author of Work on Pedagogy.

Wynnewood, Ok., May 2.—Prof S M Barrett, recently elected professor of science in school education at the state university, is author of a work on practical pedagogy that has been adopted by schools in Oklahoma, Minnesota, Nebraska and South Dakota. He has been asked by the state superintendent of Nebraska to conduct the pedagogical department in the state teachers' institute there.

Prof Barrett is author of the "Life of Geromimo," and is engaged in another work on the social and political economy of the wild Indian tribes. He was born among the Pawnees, and is an adopted member of the Apache tribe of Indians. His early life was spent on the plains.

TAFT WOULD FORTIFY PANAMA IMMEDIATELY

Washington, May 1.—In a message, accompanied by a detailed report from the War Department, President Taft yesterday sent to congress information regarding the necessity for immediately beginning the fortification of the Panama Canal in order to have it completed by 1916, the date set for finishing the construction of the canal. The reports accompanying the message do not give the exact locations of the fortifications, but it is explained that this can not be furnished until information has been obtained regarding the "status and availability of certain parcels of land situated along the route of the canal."

The armament for the proposed fortifications is enumerated as follows: Ten 14-inch rifles, twelve 6-inch rifles and twenty-five 12-inch mortars. The cost is placed at \$14,000,000.

The Capital Question

Is Twenty-One Years Old

It must be Settled Sometime—
Why Not Now?
Do It Saturday, June 11, 1910

Oklahoma City

Solicits Your Support

If located at OKLAHOMA CITY, the sale of land which the State is to purchase will provide a building fund of at least \$3,000,000 in excess of the cost of the land. The great packers, Morris & Co., have proven this assertion. Such a project would not realize one-fourth of that sum at Guthrie or Shawnee.

WHY?

Because—

OKLAHOMA CITY IS FOUR TIMES LARGER THAN EITHER, AND IS GROWING FASTER THAN ANY OTHER AMERICAN CITY—

It is the Geographical Center—
Has Unsurpassed Railway Facilities—
It is the acknowledged Commercial, Financial and Industrial Center.

Vote YES on the question: "Shall the Capital of the State of Oklahoma be permanently located?" and vote for Oklahoma City for the permanent Capital

CAR CONDUCTOR SLUGGED

ASSAILANT ESCAPED

Oklahoma City, May 2.—Knocked unconscious with a blunt instrument, W. C. Taylor, aged 26, a conductor, on a westbound Main street car, was attacked by an unknown assassin while flagging his car at the Frisco crossing Sunday night at 10:40 o'clock, and lies at St. Anthony's hospital in a serious condition. Concussion of the brain is feared by his attending physician, Dr. S. R. Cunningham. Robbery is believed to have been the motive. Taylor, who came here about a year ago from Kansas, and rooms near the car barns, was conductor of car No. 22, of which A. Higgins, living at 230 West Eleventh street, is motorman.

The conductor was attacked while hurrying to the tracks, being two car lengths from his own car. Higgins says he saw a blow struck, but an incoming Belle Isle car, which made the turn at the same time, obstructed his view, but the head lights of which threw a light on Taylor's body almost as it fell to the ground. Higgins immediately jumped from his place and went to Taylor's side. Higgins says he saw a man running south on the tracks and that he was the same party standing near Taylor as he was about to cross the tracks before the attack.

A new cheap baseball was found at Taylor's side and officers are of the belief that this rolled in a handkerchief was used in the attack. This is discredited, however, by others, whom claim a heavier weapon was used, probably a blunt end of a revolver. That robbery was the motive is not questioned by authorities, and all that prevented the assailant carrying out his plans was the unexpected appearance of the Belle Isle car.

OKLA. CITY BAPTISTS TAKE LARGEST COLLECTION

Oklahoma City, May 2.—The first collection taken to aid in building the new White Temple at Ninth street and Robinson avenue netted more than \$30,000 Sunday morning. This is believed by the Rev. Carter Helm Jones, pastor of the White Temple Baptist church, to be the largest collection ever taken in the state.

The money was raised from those who attended services Sunday morning. Blank notes, maturing in three, six, nine and twelve months' time had been distributed among members of the congregation, with instructions to fill in for the amount to be given. The final figures, as given out by Dr. Jones Sunday night, were \$30,892.

This is aside from many personal pledges, which are not counted. The church will raise \$50,000 which will be added to the \$50,000 resulting from the sale of the present property to the Masonic lodge and left over after the purchase of the new lot. A \$100,000 building will be erected.

OLDEST PERSON IN TEXAS.

Mary Courtney of Floresville Is 119 Years of Age.

San Antonio, Tex., May 2.—According to a report just issued by the state health board, Mary Courtney of Floresville, Wilson county, is the oldest person in the state, having lived no less than 119 years. She is still active enough to count on another five or even ten years. Next to her in age is Juan Vargas, a Mexican of this city, who will be 115 in a few weeks. The next oldest person in the state is Hannah Wilson, colored, who is 100 years and eight months. There are nine others who are close to the century mark and nearly a score who are over 90. The report discloses also other interesting data. The birth and death rates of whites in the state 1907 and 1908 respectively showing a wonderful increase in the former. While 497 negroes died during March only 397 were born.

Miners' Demands Denied.

Kansas City, May 2.—All the demands of the 35,000 striking miners of Missouri, Kansas, Oklahoma and Arkansas were refused by the executive committee of the Southwestern Coal Operators' association at a joint meeting with a committee of the miners today and it was announced that all negotiations were at an end and that the strike would continue.

Itch Relieved at Once

That terrible itch disappears with the FIRST DROPS of a simple compound of oil of wintergreen, thymol and glycerine mixed in D. D. D. Prescription. This soothing, healing lotion, used externally kills the eczema germ instantly.

Heretofore the D. D. D. remedy has been sold only in \$1.00 bottles; but as a special offer, any sufferer in this town who has never tried D. D. D. can now try this remedy in a special bottle at 25c. It cures the itch instantly. We KNOW this. Ramsey Drug Co., West Main St.

DR. KING'S NEW DISCOVERY Will Surely Stop That Cough.

WOMEN'S CLUBS AT TISHOMINGO

29 CLUBS REPRESENTED—MRS. TOM HOPE, PRESIDENT, PRESENTED—MUSICAL PROGRAM TONIGHT.

Special to News. Tishomingo, May 2.—Women's Federated Commercial Clubs of the 4th Congressional District, twenty strong, are in session at Tishomingo. The Club ladies of the pretty city on the the Pennington are affording very acceptable entertainment and contributing all possible to the pleasure of the visitors.

District President, Mrs. Tom Hope, and State President, Mrs. John Threadgill, delivered addresses last evening to happily responsive audiences.

This evening there will be a musical directed by Mrs. Hayden Linebaugh of Atoka, the program of which will be made up of 4th District Musical talent.

The session will conclude tomorrow and the Ada ladies in attendance will be due to return home that evening.

MRS. CLELLA BONNER NORMAL LIBRARIAN

Some times the influences which secure positions for favored ones in the schools of the state must be considered very regrettable and there could be local application to such reference in most illustrative manner; but it is very acceptable that there were influences sufficient to cause the selection of Mrs. Clella Bonner as librarian of the East Central Normal. Mrs. Bonner is the widow of the late lamented Hon. Frank Bonner, who was a brother-in-law of Judge W. H. L. Campbell of the supreme court. Mrs. Bonner is as well the sister of Mrs. Perk Bruce of Pauls Valley whose husband is a brother to Mrs. S. M. Torbett of Ada. It is known that Mrs. Bonner is a cultured and attractive woman.

Miss Verna Van Werner.

Miss Van Werner who was Saturday selected to the chair of vocal music in the East Central Normal is a resident of Ardmore, and is at present supervisor of vocal music in the Ardmore public schools. Miss Van Werner brought a sextet of her training to Sulphur at the meeting of the South Central Teachers association and received much favorable attention.

GREEK YOUTHS MUST PAY PADRONES TO LIVE HERE

Kansas City, May 2.—It is a pretty hard job for a Greek boy to get financially ahead in Kansas City. The tribute he has to pay to his fellow countrymen for the privilege of living in the land of the free is heavy, if statements made in a "Padrone" case before Judge R. E. Lewis in the U. S. district court Saturday afternoon are true.

Boys testified that they had to pay a large percentage of their earnings to padrones, had to pay to get a job and had to slip the boss a little change to keep from being fired. The matter came up in the prosecution of George and Theodore Kaplanis, labor agents, for alleged violations of the immigration laws. A contract between them and Demetrius I. Siachras was offered in evidence.

By the terms of this contract the agents made the young man "loan" to pay his passage to the United States and he must go at once to Kansas City and enter the service of Kaplanis Brothers. If he violates the pledge the loan was to become immediately due.

IMPRISONED BANKERS

WIFE GOES UNDER KNIFE New York, May 2.—Mrs. Charles W. Morse, wife of the former banker, now in the federal prison at Atlanta, went under the knife at her home here Saturday.

A short time later she was reported resting well, and it was announced that she would be out attending to the petition asking for her husband's release in a few days.

For some time Mrs. Morse has been suffering from what appeared to have been an abscess forming on her arm, and an operation was decided on by her physician.

The operation was simple and attended by no danger.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

ONE DOLLAR BOTTLES GUARANTEED Ramsey Drug Co., Special Agents.

WIFE WALKS AWAY WITH THE MONEY

Were Taking a Little Outing and Got in Dispute—The Woman a Winner.

Sherman, Tex., May 2.—A young farmer who resides near Howe was in the city early this morning, and to Chief of Police De Spain and others stated that on Saturday last he and his family, consisting of a wife and four small children, went into the woods near Howe to spend the day. They took their dinner with them, and were having a little family picnic, according to his statement, when an argument arose between himself and wife as to who should carry the purse. He said at the time the argument arose his wife had the purse, which contained a substantial sum of money, and at the height of the conversation she walked off through the woods and no trace of her has since been found.

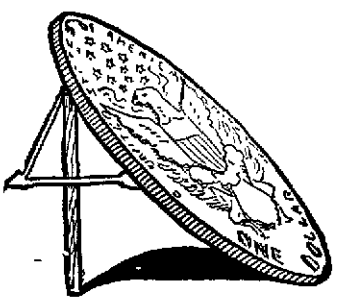

The young farmer says that he thought she was merely joking when she told him that she was going to leave, and after she did not return, he thought she had gone on home. However, he was dismayed on his return with the children to learn that she was not there, and had not been. He at once set out to look for her, eliciting the assistance of his neighbors, but so far his search has been unavailing.

The officers have taken the matter up, and a diligent search will be made for her.

Rather Than Surrender Commits Suicide—Had Viciously Attacked a Young Girl.

New York, May 2.—To prevent capture after a vicious attack on Anna Kipp, Clarence Wood, 19 years old, of Rutherford, N. J., barricaded himself in the Rutherford Boat Club House to day, and for five hours fought off a posse of police and deputy sheriffs, 30 or 40 members of company M, of the First regiment, New Jersey National Guard, and enough volunteers from Rutherford and Hackensack to bring the posse up to 450 or 500 armed men. Finally, his stronghold riddled with bullet and surrender the only alternative, Wood ended the struggle by firing a bullet into his temple, dying almost instantly. Wood, it is believed, had become suddenly demented.

During the five-hour battle two men were wounded by Wood's bullets.

YOUR MONEY will always catch a bargain here in reality. We have a large list; at the same time, we have lots of buyers. See us when you want to BUY OR SELL.
